In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
