This book examines the contributions, both intentional and unintentional, of Nigerian Pentecostal churches and NGOs to development, studying their development practices broadly in relation to the intersecting spheres of politics, economics, health, education, human rights, and peacebuilding. In sub-Saharan Africa, Pentecostalism is fast becoming the dominant expression of Christianity, but while the growth and civic engagement of these churches has been well documented, their role in development has received less attention. The Nigerian Pentecostal landscape is one of the most vibrant in Africa. Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society, often in fierce competition with Islam for dominance in Nigerian public space. Some scholars suggest that the combination of an enchanted worldview, an emphasis on miracles and prosperity teaching, and a preoccupation with evangelism discourages effective political engagement and militates against development. However, Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices. This book goes on to explore the increasingly transnational approach that churches take, often seeking to build multicultural congregations around the globe, for instance in Britain and the United States. Nigerian Pentecostalism and Development: Spirit, Power, and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development, and to development practitioners and policy-makers working in the region.

"In my study of the Word of God, I discovered something very important about honor. Honor carries and is supported by the supernatural power of God. An honorable man may look like a lamb being led to the slaughter. He may look like he has just stuck out his chin for someone to hit. He appears this way because he lives by biblical teachings and principles. If we choose to do the honorable thing if we choose to live by the Word of God then the honor of God will hold us up. He has promised us that He will honor us when we honor Him." Kenneth Copeland. Honor Today, almost an entire generation has never experienced God s honor and presence. Now we live in a dishonorable society because the concept of honor is not being passed on from parent to child. Many parents don't even know what it means to be honorable. What Does Honor Mean? This powerful and scriptural look at the biblical definition of honor will challenge you to live the honorable life and demonstrate that God has provided a way to live and succeed the honorable way.

Commitment to the Almighty God is the highest priority for the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name. Amen

David Needham asks "Christian, do you know who you are?" in this remarkable and easy-to-understand rerelease of his book about the Christian's birthright. He offers fresh insight into the theological problem of Christian identity, biblically based teaching, and a challenge for personal enrichment and further Bible study. Birthright achieves an excellent balance between the theological and the practical. The author's sincerity and candid writing style are guaranteed to buoy the spirits of readers.
