Exam Board: Pearson EdexcelLevel: GCSE (9-1)Subject: ScienceFirst Teaching: September 2016First Exams: June 2018 Target Grade 7 workbooks build skills from Grade 6 and extend into Grade 8 to help students to catch up, keep up and make expected progress in GCSE (9-1) Science. This workbook: targets key misconceptions and barriers to help students get back on track addresses areas of underperformance in a systematic way, with a unique approach that builds, develops and extends students' skills gets students ready for the GCSE (9-1) assessments with exercises focused around exam-style questions provides ready-to-use examples and activities addresses an area of difficulty in each unit with a unique approach, to develop and extend students' skills.

Endorsed for Edexcel. Trust the leading A level Geography publisher to boost your students' geographical knowledge and skills with a fully updated edition of our bestselling Student's Book; designed to provide the in-depth subject coverage, developmental activities and exam support you need at a time of curriculum change. - Helps students acquire, apply and revise core knowledge using clear explanations of key geographical content and concepts - Progressively builds the geographical and data skills emphasised in the 2016 specification by offering plenty of opportunities to learn and practise relevant skills for each topic - Brings geographical theory to life with a bank of engaging, up-to-date case studies, examples and place contexts - Consolidates topic knowledge and enables students to track their learning with review questions at the end of each chapter - Prepares students for the demands of AS and A level examinations by including numerous exam-style questions, ideal for skills development and rolling revision throughout the course - Makes it easier for you to meet the increased fieldwork requirements, suggesting topic-focused enquiries for both physical and human geography

Please note this title is suitable for any student studying:Exam Board: EdexcelLevel: A Level Year 1 and ASSubject: GeographyFirst teaching: September 2016First exams: June 2018A student-friendly and engaging textbook for the Edexcel GCE A Level Year 1 and AS specifications. It has been specially written to match the demands of the 2016 specifications and has been endorsed for Edexcel. The coverage of key geographical concepts and processes is accessible and clear, and allstudents will be engaged by the interesting, up-to-date examples and case studies - while the rigour, detail, and depth required by the specifications is retained throughout. Clearly-written objectives open each section, setting out for students what they need to learn, and high-quality photos,maps, and diagrams aid explanations. Motivating activities, exam-style questions, and coverage of the required skills are strong features. The book is completed with a glossary for each chapter and a full index. Answer guidance for the activities is available on Kerboodle (school purchaseonly).

Exam Board: Edexcel Level: AS/A-level Subject: Geography First Teaching: September 2016 First Exam: June 2017 Endorsed for Edexcel Trust the leading A level Geography publisher to boost your students' geographical knowledge and skills with a fully updated edition of our bestselling Student's Book; designed to provide the in-depth subject coverage, developmental activities and exam support you need at a time of curriculum change. - Helps students acquire, apply and revise core knowledge using clear explanations of key geographical content and concepts - Progressively builds the geographical and data skills emphasised in the 2016 specification by offering plenty of opportunities to learn and practise relevant skills for each topic - Brings geographical theory to life with a bank of engaging, up-to-date case studies, examples and place contexts - Consolidates topic knowledge and enables students to track their learning with review questions at the end of each chapter - Prepares students for the demands of AS and A level examinations by including numerous exam-style questions, ideal for skills development and rolling revision throughout the course - Makes it easier for you to meet the increased fieldwork requirements, suggesting topic-focused enquiries for both physical and human geography

This comprehensive, highly accessible, exam-focused text is essential reading for all Edexcel AS Chemistry students. Revised and updated to meet the needs of AS students following the Edexcel specification, this textbook is divided into three units. The first seven chapters describe and explain the material of Unit 1: The core principles of chemistry. The next nine chapters cover the material for Unit 2: Application of core principles of chemistry. The final chapter (Unit 3) focuses on practical work. This will help students prepare for their internal assessment of practical skills. - Integrated material on 'how science works' throughout the text - End-of-chapter review questions and practice unit tests test knowledge and provide exam preparation - Worked examples give detailed explanations of calculations to facilitate understanding - Online sample exam-style questions, with graded answers and commentaries give you a benchmark to compare your answers against

This comprehensive, highly accessible, exam-focused text is essential reading for all Edexcel A2 Chemistry students. Revised and updated, this textbook provides comprehensive subject coverage of both units. The first nine chapters describe and explain the material of Unit 4: Rates, equilibria and further organic chemistry. The next five chapters cover the material for Unit 5: Transition metals, arenes and organic nitrogen chemistry. - Integrated material on 'how science works' throughout the text - End-of-chapter review questions and practice unit tests test knowledge and provide exam preparation - Worked examples give detailed explanations of calculations to facilitate understanding - Online sample exam-style questions, with graded answers and commentaries give students a benchmark to compare their answers against

REALIDADES is a standards-based Spanish curriculum that balances grammar and communication. The program offers technology designed to integrate language and culture to teach and motivate all students.

An emotionally abused sixteen-year-old recounts her painful childhood memories, her time spent in mental institutions, and her eventual recovery with a new family and a new voice

The Edexcel Chemistry for AS Book and Student's website have been developed by two highly experienced chemistry authors to support the revised Edexcel specifications. The website (powered by Dynamic Learning), provides students with interactive pages enhanced with additional resources. Tailored precisely to the revised Edexcel specification, The Student's Book includes both quick 'Test yourself' questions throughout each of the 19 topics and end of topic Review questions. Activities involving data analysis and contemporary contexts are aslo included throughout the book to help teachers and students address the new How Science Works components. The website has a full copy of the book with icons linking it to: - Learning outcomes showing a complete list of the requirements in the specification to help students see where learning objectives and skills are covered in the book. - Data tables - Practical guidance on, for example, risk assessments, errors and uncertainty, titrations and the preparation of organic compounds - Tutorials that work through selected problems and explain the more difficult concepts using a voiceover and animated diagrams, graphs and worked calculations - Extension questions to stretch the more able, covering some ideas in greater depth - Answers to all Test yourself questions and questions in the activities in the Student's Book
