The complete package from Edexcel to support  
the concept-led approach for the new GCE  
Biology specification

The only textbook that fully supports the  
Oxford AQA International GCSE Biology  
specification (9201), for first teaching in  
September 2016. The enquiry-based,  
international approach builds scientific  
skills and knowledge, preparing students for  
the Oxford AQA International GCSE exams and  
supporting their progression to further A  
Level study.

Build and assess your students' Science  
knowledge, understanding and skills through  
better learning techniques, ensuring a solid  
foundation for further science study. -  
Confidently meet the requirements of the

Trinidad & Tobago, Barbados, Guyana and OECS curricula and CXC's CCSLC syllabus with detailed mapping grids available for free online. - Capture your students' interest and enhance their understanding with case studies on international and Caribbean scientists. - Inspire students to progress with this contemporary take on Science that includes topics such as environmental science and green issues. - Engage students through an active learning approach with hands-on activities to promote learning through practice. - Prepare students for moving up to CSEC® level science with activities developed to bridge the gap between lower secondary and CSEC® level.

This series is about developments and theories in science that are both interesting and sometimes a cause for concern. Each book explains how the science was discovered, how it works, how it can help people, and why it may not be completely accepted by everyone.

Longman Biology Homework for Edexcel IGCSE is an ideal companion to the London Examinations IGCSE specification for Biology

Edexcel A level Biology B Student Book 2.

Created to support the new 2008 specification, the A2 Implementation and Assessment Guide for Teachers and Technicians provides support to deliver the concept-led

approach to this course and helps you prepare your students for improving their learning for Edexcel GCE Chemistry.

This text matches the specification for teaching A level Biology from September 2000. Accessible language and layout should encourage students who may otherwise find it difficult to reach good A Level standards. Extension boxes contain more advanced material for more able students.

Endorsed by Edexcel Build investigative skills, test understanding and apply biological theory to topical examples with this Edexcel Year 1 Student Book - Supports all 16 required practicals with activities and questions to help students explain procedures, analyse data and evaluate results - Provides clear definitions, as well as explanations, of the meanings of all technical vocabulary needed for the new specification - Helps bring students up to speed with a summary of prior knowledge and diagnostic questions at the start of each chapter - Offers assessment guidance with Exam Practice Questions at the end of each chapter, graded by difficulty to support progression, along with Challenge Questions to stretch more able students - Mathematical skills throughout and a dedicated 'Maths in Biology' chapter explaining key concepts and methods - Develops understanding with free online access to Test yourself Answers, an
