First published in 1938, 'Anthem' is a dystopian fiction novel by British writer Ayn Rand. It takes place at some unspecified future date when mankind has entered another dark age. Technological advancement is now carefully planned and the concept of individuality has been eliminated.

A Study Guide, Reading Journal, and Annotation Guide for Anthem which features over 110 pages of guided activities, diagrams, visual organizers, note-taking exercises, and essential questions! DIY Study Guides are the ultimate way to LEARN, MASTER, and ENJOY reading a new book and conquering difficult material! This book also doubles as a classroom guide and activity book for students and teachers. This study guide for Anthem is up to date with Next Generation, 21st Century, and Common Core skill requirements and features sections aimed at citing evidence from the text. It is the perfect companion to introducing literature in any classroom, practicing strong reading skills, and guiding your journey through the book! Master the material and ace any assignment with this innovative study guide series. This book is perfect for both students and teachers, as it produces true mastery of content knowledge and book details. Other study guides for Anthem simply give basic details of the novel, meaning that students read over material without digesting or learning it. Other study guides take complex themes, concepts, and information and just regurgitate it to readers. But, this Study Guide for Anthem is different. Using the original text as a guide, you will learn to cite evidence from the text in order to complete and reflect on your reading. Readers will self-generate additional notes within the structure provided by this Study Guide. Designed by a veteran educator, this study guide for Anthem GUIDES the learner to discovering the answers for themselves, creating a fully detailed study guide in the user's own words. Filled with guided reading activities, students are able to fill this guidebook with their own information. If you read it, write it, and reflect on it, you will learn it! Teachers: Besides being a great lesson plan or activity resource, you can also purchase a set of these books (or one book and make copies) for your entire class. It makes the perfect guided reading activity for Anthem and will teach students how to internalize the reading, note taking, and learning process that advanced readers naturally perform. These make the perfect workbook to keep your class engaged and learning!

Ninth-grader Philip Malloy's suspension for humming "The Star-Spangled Banner" during homeroom becomes a national news story.

My happiness is not the means to any end. It is the end. It is its own goal. It is its own purpose. Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and a clear predecessor to her later masterpieces. The Fountainhead and Atlas Shrugged. In Anthem, Rand examines a frightening future in which individuals have no name, no independence, and no values. Equality 7-2521 lives in the dark ages of the future where all decisions are made by committee, all people live in collectives, and all traces of individualism have been wiped out. Despite such a restrictive environment, the spark of individual thought and freedom still burns in him--a passion which he has been taught to call sinful. In a purely egalitarian world, Equality 7-2521 dares to stand apart from the herd--to think and choose for himself, to discover electricity, and to love the woman of his choice. Now he has been marked for death for committing the ultimate sin. In a world where the great "we" reign supreme, he has rediscovered the lost and holy word--"I."

The controversial classic work of one individual's will versus the subjugation of society--now available as a compelling graphic novel. In all that was left of humanity there was only one man who dared to think, seek, and love. He, Equality 7-2521, would place his life in jeopardy. For his knowledge was regarded as a treacherous blasphemy. He had rediscovered the lost and holy word..."I".

As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In Braiding Sweetgrass, Kimmerer brings these two lenses of knowledge together to take us on "a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise" (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings--asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass--offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

'Tonight he noticed how the women's eyes Passed from him to the strong men that were whole.' The true horror of the trenches is brought to life in this selection of poetry from the front line. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Wilfred Owen (1893-1918). Owen is available in Penguin Classics in Three Poets of the First World War: Ivor Gurney, Isaac Rosenberg, Wilfred Owen.

The classic tale of a Japanese boy orphaned by a tsunami from the author of The Good Earth, the first American woman to win the Nobel Prize in Literature. On a mountainside in Japan, two boys enjoy a humble life governed by age-old customs. Jiya belongs to a family of fishermen; his best friend, Kino, farms rice. But when a neighboring volcano erupts and a tidal wave swallows their village—including Jiya's family—life as they know it is changed forever. The orphaned Jiya must learn to come to terms with his grief. Now facing a profoundly different life than the one he'd always taken for granted, he must decide on a new way forward. Written with graceful simplicity, The Big Wave won the Children's Book Award of the Child Study Association of America when it was first released. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

George Orwell's celebrated novella, Animal Farm, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

Wise, often funny, sometimes heartbreaking, *Persepolis: The Story of a Childhood* / It tells the story of Marjane Satrapi's life in Tehran from the ages of six to fourteen, years that saw the overthrow of the Shah's regime, the triumph of the Islamic Revolution and the devastating effects of war with Iraq.
