Since its publication in 1990, Athenaze: An Introduction to Ancient Greek has helped tens of thousands of students learn classical Greek. Building on the bestselling tradition of previous editions, the long-awaited third edition combines the best features of traditional and modern teaching methods. It provides a unique course of instruction that allows students to read connected Greek narrative right from the beginning and

guides them to the point where they can begin reading complete classical texts. James Morwood, editor of the Oxford Grammar of Classical Greek and the Pocket Oxford Classical Greek Dictionary, brings his expertise and years of teaching experience to this revision. Carefully designed to hold students' interest, the course begins in Book I with a fictional narrative about an Attic farmer's family placed in a precise historical context (432-431 B.C.). This narrative, interwoven with tales from mythology and the Persian Wars, gradually gives way in Book II to adapted passages from Thucydides, Plato, and Herodotus and ultimately to excerpts of the original Greek of Bacchylides, Thucydides, and Aristophanes' Acharnians. Essays on relevant aspects of ancient Greek culture and history are also woven throughout.

correcting exercises, cumulative vocabulary lists, periodic grammatical reviews, and additional readings

Aristophanes, the celebrated Greek comic poet, is famous for his plays on contemporary themes, in which he exercises fierce political satire. Ancient political comedy made ample use of comically significant proper names much as is the case in modern satire. Comic names used by Aristophanes for his satirical targets (public figures, everyday Athenians) provide the main subject of this book, which addresses questions such as why particular names are chosen (or invented), and how they relate to the plays characters and themes."

The History and Theory of Rhetoric offers discussion of the

Read PDF Athenaze I Cap Ix Xvi Quaderno Di Esercizi Per Le Scuole Superiori

history of rhetorical studies in the Western tradition, from ancient Greece to contemporary American and European theorists that is easily accessible to students. By tracing the historical progression of rhetoric from the Greek Sophists of the 5th Century B.C. all the way to contemporary studies—such as the rhetoric of science and feminist rhetoric—this comprehensive text helps students understand how persuasive public discourse performs essential social functions and shapes our daily worlds. Students gain conceptual framework for evaluating and practicing persuasive writing and speaking in a wide range of settings and in both written and visual media. Known for its clear writing style and contemporary examples throughout, *The History and Theory of Rhetoric* emphasizes the relevance of

rhetoric to today's students.

Previously published as volume 3 of the author's *Lingua Latina per se Illustrata*.

This volume is the completely reset Second Edition of Jeanne Marie Neumann's *A College Companion* (Focus, 2008). It offers a running exposition, in English, of the Latin grammar covered in Hans H. Ørberg's *Familia Romana*, and includes the complete text of the Ørberg ancillaries *Grammatica Latina* and *Latin-English Vocabulary*. It also serves as a substitute for Ørberg's *Latine Disco*, on which it is based. As it includes

Read PDF Athenaze I Cap Ix Xvi Quaderno Di Esercizi Per Le Scuole Superiori

no exercises, however, it is not a substitute for the Ørberg ancillary *Exercitia Latina I*. Though designed especially for those approaching *Familia Romana* at an accelerated pace, this volume will be useful to anyone seeking an explicit layout of *Familia Romana*'s inductively-presented grammar. In addition to many revisions of the text, the Second Edition also includes new units on cultural context, tied to the narrative content of the chapter.

First published in 1978, *Reading Greek* has become a best-selling one-year introductory course in ancient Greek for students and adults. It combines the best of modern and

Read PDF Athenaze I Cap Ix Xvi Quaderno Di Esercizi Per Le Scuole Superiori

traditional language-learning techniques and is used widely in schools, summer schools and universities across the world. It has also been translated into several foreign languages. This volume contains a narrative adapted entirely from ancient authors, including Herodotus, Euripides, Aristophanes and Demosthenes, in order to encourage students rapidly to develop their reading skills. Generous support is provided with vocabulary. At the same time, through the texts and numerous illustrations, students will receive a good introduction to Greek culture, and especially that of Classical Athens. The accompanying Grammar and Exercises volume provides full grammatical support together with numerous exercises at different levels, Greek-English and English-Greek vocabularies, a substantial reference grammar and
