Effectively Develop and Manage a Resort Property-Revised and Updated In recent years, the definition of "resort" has expanded to include any facility that provides recreation and entertainment in combination with lodging. Revised and updated for these changes, Resorts: Management and Operation, Second Edition covers both new trends, like the increasing popularity of timeshares and cruise ships, and tried-and-true businesses like ski areas, golf resorts, spas, and casinos. The book provides a comprehensive look at how today's industry classifies, develops, markets, and manages these various properties. In addition to covering new growth areas in the resort field, this Second Edition also features a wide range of resources for learning, including: * New chapters on cruise ships, specialty resorts, and casinos, highlighting the newest trends in the industry * New resort case studies in each chapter * Expanded coverage on spas, pools, and indoor waterparks * Quick Getaway sidebars, showing practical examples and applications of theories discussed in the book * Updated statistics throughout the text that reflect the latest industry information * Enhanced discussions of the importance of developing facilities from an environmentally conscious and business-smart perspective so that the integrity of the natural base is maintained Students on their way to a career in resorts, as well as professionals seeking to update or improve their understanding of the business, will find Resorts: Management and Operation, Second Edition the key to success in this exciting industry.

Newnes Electrical Pocket Book is the ideal daily reference source for electrical engineers, electricians and students. First published in 1932 this classic has been fully updated in line with the latest technical developments, regulations and industry best practice. Providing both in-depth knowledge and a broad overview of the field this pocket book is an invaluable tool of the trade. A handy source of essential information and data on the practice and principles of electrical engineering and installation. The 23rd edition has been updated by engineering author and consultant electrical engineer, Martin Heathcote. Major revisions have been made to the sections on semiconductors, power generation, transformers, building automation systems, electric vehicles, electrical equipment for use in hazardous areas, and electrical installation (reflecting the changes introduced to the IEE Wiring Regulations BS7671: 2001).

"There is no writer in the evangelical world that I admire and appreciate more."- Billy GrahamPhilip Yancey's words—captured in his many bestselling books—have influenced the lives of millions of readers by strengthening their faith, building their hope, sparking their creativity, and challenging their comfort zones. If you're one of those readers, you know personally how his insights have affected your mind and heart. And if you're new to Yancey, you're in for a life-altering experience.These meditations—all drawn from the beloved and bestselling writings of the author—will take you through an entire year of Yancey's insight and imagination, covering a broad range of topics: • How to rediscover God through the wonders of nature, music, and romantic love• Why grace means you can't do anything to make God love you more or less• What happens when you cut through preconceptions to encounter the "real" Jesus• How to renew your understanding and practice of prayer• Where you can see God in unexpected people and places• How to cope when life crashes in around youEvery day, experience the best from a beloved author who, with freshness, clarity, and energy, has so brilliantly articulated God's wonderful but mysterious relationship with you. "

Luke is having a rough year. When his parents split up, his mum drags him to Phoenix, a brand-new town in the middle of nowhere. But Phoenix is no ordinary town. There are no cars, no phones and no internet. Then he discovers that someone is plotting to wipe out the human race. Phoenix is suddenly the safest and most dangerous place on earth. And the clock is already ticking.

Best-selling authors, Larry Nyhoff and Sanford Leestma, bring you one of the first comprehensive Fortran 90 texts that features excellent engineering and science applications and programming problems. The authors, well-known for their clear, concise presentation style emphasize how Fortran 90 is used to solve problems. Their strong pedagogical approach teaches the basic steps in program development: problem analysis and specification, algorithm development, program coding, program execution and testing, and program maintenance.

Book 2.5 in the #1 bestselling Wishes Series Gabrielle Décarie was over arrogant men - but that didn't mean she couldn't have a little fun with one. When she took a chance on Alex Blake, it was supposed to be a one-night deal. He was too cocky, too flirty and too complicated. Sand Jewels is the story of why she fell madly in love with him anyway.

Pharmacology can be difficult. But with the right text, understanding drugs and how they work doesn't have to be! Using easy-to-follow language and engaging learning tools - like Memory Joggers, Clinical Pitfalls, Do Not Confuse, and Drug Alerts - the second edition of Understanding Pharmacology: Essentials for Medication Safety helps readers really understand how drugs work. In addition to the popular critical thinking activities from the first edition, the second edition also includes more chapter review questions, updated content, and a new organization that centers on the different body systems. For students who have a limited background in the sciences and want complete preparation for licensure exams and clinical practice, there is no better choice than Understanding Pharmacology, 2nd Edition! Entire unit reviewing math, weights and measures, and dosage calculation minimizes readers' anxiety and promotes medication safety. Clever, easy-to-recognize margin icons help visual learners remember essential side effects of drugs. Simplified heading structure replaces intimidating terminology (i.e. pharmacokinetics) with simplified language (How These Drugs Work) to increase understanding of concepts. Drug Alert!, Do-Not-Confuse, and Clinical Pitfall boxes highlight important tips for safe medication administration. Memory Jogger boxes help readers remember important drug information. Get Ready for Practice sections at the end of each chapter include key points, chapter review questions, and critical thinking activities to reinforce learning. 10th grade reading level uses straightforward, everyday language to really enhance readers' understanding of pharmacology concepts. Incorporation of adult learning theory features both a simple to complex organization of material along with answers to why readers need to learn something. NEW! Body system organization helps readers better understand drugs that are specific to particular body systems. NEW! More chapter review questions have been added to the text. All review questions are now organized into one of two categories: Test Yourself on the Basics and Test Yourself on Advanced Concepts.
