When Lily Ivory stumbles on the uniform of a former prisoner from Alcatraz and SFPD inspector Carlos Romero's cousin is kidnapped, Lily suspects something dangerous has been unleashed on the ghost-ridden island of Alcatraz. She'll have to sleuth out the culprit--when she's not busy entertaining her visiting relatives and resolving romantic conflicts as her wedding date approaches. Could recent omens be pointing to the magical threat in her adopted city? If so, she'll have to line up her allies to change the fate of the Bay Area. Because no matter what, Lily's determined to celebrate her marriage with her friends by her side--even if it means battling a demonic foe before she can make it to the altar.

No one answered when I tapped at the back door of Madumo's home on Mphahlele Street a few days after my return to Soweto, so I pushed the buckling red door in a screeching grind of metal over concrete and entered calling, "Hallo?" So begins this true story of witchcraft and friendship set against the turbulent backdrop of contemporary Soweto. Adam Ashforth, an Australian who has spent many years in the black township, finds his longtime friend Madumo in dire circumstances: his family has accused him of using witchcraft to kill his mother and has thrown him out on the street. Convinced that his life is cursed, Madumo seeks help among Soweto's bewildering array of healers and prophets. An inyanga, or traditional healer, confirms that he has indeed been bewitched. With Ashforth by his side, skeptical yet supportive, Madumo embarks upon a physically grueling treatment regimen that he follows religiously--almost to the point of death--despite his suspicion that it may be better to "Westernize my mind and not think about witchcraft." Ashforth's beautifully written, at times poignant account of Madumo's struggle shows that the problem of witchcraft is not simply superstition, but a complex response to spiritual insecurity in a troubling time of political and economic upheaval. Post-apartheid Soweto, he discovers, is suffering from a deluge of witchcraft. Through Madumo's story, Ashforth opens up a world that few have seen, a deeply unsettling place where the question "Do you believe in witchcraft?" is not a simple one at all. The insights that emerge as Ashforth accompanies his friend on an odyssey through Soweto's supernatural perils have profound implications even for those of us who live in worlds without witches.

Narratives of possession have survived in early English medical and philosophical treatises. Using ideas derived from cognitive science, this study moves through the stages of possession and exorcism to describe how the social, religious, and medical were internalized to create the varied manifestations of demon possession in early modern England.

WHAT READERS ARE SAYING "I love how Claire Chilton keeps your pulse racing until the end of the book. The addictive writing plus amusing characters and supernatural stories in these books create an unforgettable read." ***** "If you are looking for an action-packed and funny gothic fiction series with a strong female lead to completely immerse yourself in, then this might be the book series for you." ***** "The descriptions in this hilarious occult series are rich with meaning, and the parody of preternatural characters are brilliantly human." ***** "I love Dora! Her sarcasm manages to amuse me whether she's being tortured in the academy for demons in Hell or just arguing with the Fallen One in Heaven. Great world building, and the best and most sarcastic characters." ***** "Claire Chilton not only conjures a YA fantasy world brimming with magical creatures like vampires, werewolves, zombies, angels, demons, succubus, dragons, elves, fae, fairies, ghosts, gods, shapeshifters and a whole range of mythical monsters, she also creates a few of her own. Were-squirrels, anyone?" ***** "If you're looking for a dark teen comedy that is the goth lovechild of Deadpool and Buffy, then look no further. The novels in this series are fast-paced, dogma-driven, satires that focus on an outcast teenage girl who uses witty banter and a spellbook to become a witch and travel to Hell and back. With light humour and a lot of lols along the way, this Sabrina-like heroine explores the horror of death and darkness in even the most heavenly places." ***** "An entertaining, humorous and romantic paranormal novel that kept me up past midnight because I couldn't put it down." ***** "When the demon lord you're dating takes you home to meet his undead family, and then you're forced to attend school in Hell, you know the romance is going to get a bit weird. This was a fun unearthly romp that will make you laugh out loud. The first story is a bit short, but it's also free. The stories aren't overly romantic, so they're great for older teenage boys and girls." ***** "Deliciously thrilling and wickedly silly from the grave and back! If you're tired of depressed heroines, then enjoy this feisty female protagonist as she travels on the road to Hell with nothing but her spells, soul chips and wits to keep her alive." ***** "A must-read series of sorcery, comedy, witches and demons. I can't wait for more new releases in this series." ***** BOOKS IN THIS SERIES A Hint of Magic: Bewitched by Magic Demonic Dora: Bewitched in Hell Deceased Dora: Bewitched in Death Divine Dora: Bewitched in Heaven A Hint of Hell: Bewitched by Christmas LANGUAGES: Available in British and American English.
