Telematics in the automotive industry are the most popular example of Connected Services. But despite their implementation in several million of vehicles worldwide, there has only been little consideration in research. Clemens Hiraoka analyzes the entire customer lifecycle from awareness, acceptance, and usage to the renewal of the service contract and uncovers the drivers in each of these stages. His evaluation gives a series of new implications for management and research.

The BMW Z3 Service Manual: 1996-2002 is a comprehensive source of service information and technical specifications available for the BMW Z3 Roadster and Coupe up through the 2002 model year.
