<p>The best-selling author of BRINGING UP B É B É investigates life in her forties, and wonders whether her mind will ever catch up with her face. When Pamela Druckerman turns 40, waiters start calling her "Madame," and she detects a disturbing new message in mens' gazes: I would sleep with her, but only if doing so required no effort whatsoever. Yet forty isn't even technically middle-aged anymore. And after a lifetime of being clueless, Druckerman can finally grasp the</p>

subtext of conversations, maintain (somewhat) healthy relationships and spot narcissists before they ruin her life. What are the modern forties, and what do we know once we reach them? What makes someone a "grown-up" anyway? And why didn't anyone warn us that we'd get cellulite on our arms? Part frank memoir, part hilarious investigation of daily life, *There Are No Grown-Ups* diagnoses the in-between decade when... • Everyone you meet looks a little bit familiar. • You're matter-of-fact about chin hair. • You can no longer wear anything ironically. • There's at least one sport your doctor forbids you to play. • You become impatient while scrolling down to your year of birth. • Your parents have stopped trying to change you. • You don't want to be with the cool people anymore; you want to be with your people. • You realize that everyone is winging it, some just do it more confidently. • You know that it's ok if you don't like jazz. Internationally best-selling author and New York Times contributor Pamela Druckerman leads us on a quest for wisdom, self-knowledge and the right pair of pants. A witty dispatch from the front lines of the forties, *There Are No Grown-ups* is a (midlife) coming-of-age story, and a book for anyone trying to find their place in the world.

Step into Paris as you have never seen it before. . . . SHORTLISTED FOR THE HAYES & JARVIS FICTION WITH A SENSE OF PLACE, 2018 EDWARD STANFORD TRAVEL WRITING AWARD 'An engaging debut that throws light on a hidden side of Paris' *Woman and Home* 'A sensitive, necessary, brave book.' Laura Barnett, author of *The Versions of Us* What building doesn't have secrets? How much does anyone know of what goes on behind their neighbour's doors? On a hot June day, grief-stricken Edward arrives in Paris hoping that a stay in a friend's empty apartment will help him mend. But this is not the Paris he knows: there are no landmarks or grand boulevards, and the apartment he was promised is little more than an attic room. In the apartments below him, his new neighbours fill their flats with secrets. A young mother is on the brink, a bookshop owner buries her past, and a banker takes up a dark and malicious new calling. Before he knows it, Edward will find himself entangled in their web, and as the summer heat intensifies so do tensions within and without the building, leading to a city-wide wave of violence, and a reckoning within the walls of number 37. With a sultry heat to rival *A Year in Provence* and all the sharp perception of Leila Slimani's *Lullaby*, *These Dividing Walls* is a beautifully written and eye-opening novel about the Paris we don't see. 'It'll open your heart and mind. It certainly did mine' *The Pool* 'An unforgettable and unexpected portrait of Paris' Hannah Rothschild ***** What readers have said about *These Dividing Walls*: 'Totally engrossing - it was a magical pleasure to lose myself in these people's world each night' 'The quality of the writing in *These Dividing Walls* is never short of exquisite' 'This is an outstanding debut novel from an author to watch' 'A delightful glimpse into the lives of a group of people one hot and fearful summer'

Now in its second edition, this volume offers a strong synthesis of classic and current work in conversation analysis (CA), usefully encapsulated in a model of interactional practices that comprise interactional competence. Through this synthesis, Wong and Waring demonstrate how CA findings can help to increase language teachers' awareness of the spoken language and suggest ways of applying that knowledge to teaching second language interaction skills. The Second Edition features: Substantial updates that include new findings on interactional practices Reconceptualized, reorganized, and revised content for greater accuracy, clarity, and readability Expanded key concepts glossary at the end of each chapter New tasks with more transcripts of actual talk New authors' stories The book is geared towards current and prospective second or foreign language teachers, material developers, and other language professionals, and assumes neither background knowledge of conversation analysis nor its connection to second language teaching. It also serves as a handy reference for those interested in key CA findings on social interaction.

Charlie Chaplin the actor is universally synonymous with his beloved Tramp character. Chaplin the director is considered one of the great auteurs and innovators of cinema history. Less well known is Chaplin the composer, whose instrumental theme for *Modern Times* (1936) later became the popular standard "Smile," a Billboard hit for Nat "King" Cole in 1954. Chaplin was prolific yet could not read or write music. It took a rotating cast of talented musicians to translate his unorthodox humming, off-key singing, and amateur piano and violin playing into the singular orchestral vision he heard in his head. Drawing on numerous transcriptions from 60 years of original scores, this comprehensive study reveals the untold story of Chaplin the composer and the string of famous (and not-so-famous) musicians he employed, giving fresh insight into his films and shedding new light on the man behind the icon.

Premonitions hints at past lives and common experiences, as it draws subtle connections between people on their personal quests for adventure, love and family. Amelia Rothman, a foreign-rights editor from New York, has a turbulent personal life. Adele Durand, a young French woman, marries the wrong man in 18th century revolutionary France. What do these two women have in common? Is it possible that an apprentice medicine-man in 15th century Africa and an ancient sword hold the answers to a question which transcends time itself? *Premonitions* in the second book in the *Recognitions* trilogy.
