A comprehensive ethnohistory of the earliest people to settle the Mariana Islands. Maps, line drawings, glossary, bibliography, and index.

The Simplicity of the Biblical Sanctuary is a concise overview of the Old Testament sanctuary in the wilderness. It walks you through Scripture and points out the single worship pattern established by God, himself, beginning at Genesis and onward.It explains the founding of the Israelite nation and shows their relationship to God in the establishment of Christ-centered worship. It breaks down the various symbols and feast days and makes their meaning and significance clear to the reader pointing out their relevance in the New Testament and for us today.It is informative, entertaining, and easily understood. It reads like a narrative and draws you into its pages sharing insights many have overlooked in the past. The reader should leave with clarity of mind regarding the work of the priests, the symbolism of the sacrificial system and Christ's relevance in it all.Virginia is a lay minister of the gospel. She preaches at prisons, churches and conferences. She is a former college professor and the wife of one husband. She has three birth daughters and two step daughters; also, three birth grandchildren and two step grandchildren.She has authored several other books, which deal with children and drug prevention education, the power of prayer, the importance of personal devotion and intimacy with God.She resides in Bristow, OK with her husband, John.

Apocalypse Secrets Revealed: Baha'i Interpretation of the Book of Revelation with 60 illustrations is a fresh provocative Parallel Interpretation of the Apocalypse or Book of Revelation. The author, John Able MD, is a retired intensive-care physician. He uses Baha'i Writings that interpret parts of the Apocalypse to decode it as a global tale of three millennia now passing through four centuries of the events of religious end-times. It is a tale of the struggles of seven Empires and seven Faiths, of their materialism and militarism, and the resulting mess into which the world is now crescendoing furiously and fast. These events center on the apocalyptic war waging between the Revelation beast of Muslim Militarism that drives the Middle East and the Revelation Babylon of Malignant Materialism that drives the Christian West. The fall of both is inevitable, with economic crises spiraling the globe into a paralytic depression, now triggered by the COVID-19 pandemic and its aftermath. The good news is that spiritual economies will arise and our painful end times into wonderful beginning times. Apocalypse Secrets Revealed is a profound and astonishing work in biblical exegesis-a real tour de force as a strikingly original, scholarly, remarkably holistic, comprehensive, and rationally consistent interpretation of the Book of Revelation. Able intelligently probes and penetrates many of the great religious mysteries, and cogently argues that Revelation extends far beyond its strictly Middle East/Christianic origin. It transcends religious dogma, bridges religious faiths, and explains nineteen hundred years of troubling events in Christianity and Islam with amazing clarity and prescience. It is amazingly detailed and thorough. The author's stylish rhetoric is colorful and alive and his book beautifully crafted and researched, making for an engaging, enlightening, and thought-provoking read. In the end, a scholarly Translation Section decodes original Greek and Hebrew sources. Its strikingly lively translation sticks to the intention of the Greek original. It provides an authoritative base for his distinctive Parallel Interpretation. For anyone striving to penetrate the hidden secrets of the Apocalypse, Apocalypse Secrets Revealed is a must reading. This exceedingly interesting book will influence many future works about the subject and become a template of understanding and peace for all. After they read it, people who are interested in prophecy will never look at the Book of Revelation the same again. Visit www.apocalypse.info for more.

A collection of experiments, projects, and other activities exploring the many areas of science, from the earth and space sciences to computer technology and ESP.

One of our most important contemporary critics, Marjorie Perloff has been a widely published and influential reviewer, especially of poetry and poetics, for over fifty years. Circling the Canon, Volume II focuses on the second half of her prolific career, showcasing reviews from 1995 through her 2017 reconsiderations of Jonathan Culler's theory of the lyric and William Empson's classic Seven Types of Ambiguity. In this volume Perloff provides insight into the twenty-first-century literary landscape, from reevaluations of its leading poets and translations of European poetry from Goethe to the Brazilian Noigandres group and interart studies and performance art. Key issues of the past few decades, such as the controversy over the role and function of poetry anthologies, receive extended treatment, and Perloff frequently voices a minority view, as in the case of the acclaimed British poet Philip Larkin.
