How to Write a Curriculum Vitae (CV) for a Job

A curriculum vitae summary is a one-to-two-page, condensed version of a full curriculum vitae. A CV summary is a way to quickly and concisely convey one's skills and qualifications. Sometimes large organizations will initially ask for a one-page CV summary when they expect a large pool of applicants. What to Include in Your Curriculum Vitae

The Difference Between a Resume and a Curriculum Vitae

A Curriculum vitae (CV) typically is longer when it comes to formatting as it presents more information compared to a resume. However, you could still include a CV Cover Letter along with your curriculum vitae if you want to state more details that can help you with your application.

Klaus Bockmuehl (1931-1989), former Professor for Systematic Theology at Regent College, Vancouver, published outstanding theological ethical works. The questions that Bockmuehl explored have not lost any relevance. How do we know what God's will is in a particular situation? Is Scripture sufficient for ethical decisions or should we listen to God? Does God even speak today? Is there a distinctive Christian ethic? Bockmuehl's central contribution can be found in his emphasis on the seminal role the Holy Spirit plays within Christian ethics, not only as the one who realizes the reign of God in the life of the individual but also as the one guiding the individual in a particular situation. This book is the first in-depth study of Bockmuehl, introducing readers to his theology and ethics, including a short biographical overview, delineating and appraising how he understands the role of the Holy Spirit in Christian ethics. It is not a book without criticism and its own creative contribution. Annette Glaw concludes her fascinating study with a proposal for a relational concept of the Holy Spirit as the loving presence of God in Christian ethics.

Within the span of a generation, Nazi Germany's former capital, Berlin, found a new role as a symbol of freedom and resilient democracy in the Cold War. This book unearths how this remarkable transformation resulted from a network of liberal American occupation officials, and returned émigrés, or remigrés, of the Marxist Social Democratic Party (SPD). This network derived from lengthy physical and political journeys. After fleeing Hitler, German-speaking self-professed "revolutionary socialists" emphasized "anti-totalitarianism" in New Deal America and contributed to its intelligence apparatus. These experiences made these remigrés especially adept at cultural translation in postwar Berlin against Stalinism. This book provides a new explanation for the alignment of Germany's principal left-wing party with the Western camp. While the Cold War has traditionally been analyzed from the perspective of decision makers in Moscow or Washington, this study demonstrates the agency of hitherto marginalized on the conflict's first battlefield. Examining local political culture and social networks underscores how both Berliners and émigrés understood the East-West competition over the rubble that the Nazis left behind as a chance to reinvent themselves as democrats and cultural mediators, respectively. As this network popularized an anti-Communist, pro-Western Left, this book identifies how often ostracized émigrés made a crucial contribution to the Federal Republic of Germany's democratization.

This classic is the benchmark against which all modern books about Nietzsche are measured. When Walter Kaufmann wrote it in the immediate aftermath of World War II, most scholars outside Germany viewed Nietzsche as part madman, part proto-Nazi, and almost wholly unphilosophical. Kaufmann rehabilitated Nietzsche nearly single-handedly, presenting his works as one of the great achievements of Western philosophy. Responding to the powerful myths and countermyths that had sprung up around Nietzsche, Kaufmann offered a patient, evenhanded account of his life and works, and of the uses and abuses to which subsequent generations had put his ideas. Without ignoring or downplaying the ugliness of many of Nietzsche's proclamations, he set them in the context of his work as a whole and of the counterexamples yielded by a responsible reading of his books. More positively, he presented Nietzsche's ideas about power as one of the great accomplishments of modern philosophy, arguing that his conception of the "will to power" was not a crude apology for ruthless self-assertion but must be linked to Nietzsche's equally profound ideas about sublimation. He also presented Nietzsche as a pioneer of modern psychology and argued that a key to understanding his overall philosophy is to see it as a reaction against Christianity. Many scholars in the past half century have taken issue with some of Kaufmann's interpretations, but the book ranks as one of the most influential accounts ever written of any major Western thinker. Featuring a new foreword by Alexander Nehamas, this Princeton Classics edition of Nietzsche introduces a new generation of readers to one the most influential accounts ever written of any major Western thinker.

"The dictionary opens with a detailed description of how words are created by the Hawaiian Lexicon Committee with Pukui and Elbert's Hawaiian Dictionary serving as the primary written source and native speakers of Hawaiian as the primary spoken resource. The first main section contains more than 6,000 Hawaiian entries (alphabetized according to the Hawaiian alphabet) followed by their English equivalents, the second contains English language entries followed by their Hawaiian translation. Teachers and students in Hawaiian language immersion schools and high school, college, and continuing education language courses, as well as those looking for an introduction to contemporary Hawaiian, will find Mamaka Kaiao a truly invaluable resource."--BOOK JACKET.

This book deals with the life and work of Nathan Zuntz and specifically addresses the contribution he made to high altitude physiology and aviation medicine. While some of the material on this topic has already been published in English (Gunga and Kirsch, 1995a, 1995b), the overwhelming majority of it is only available in German (Gunga, 1989). Recently, new and interesting sources on the life and work of the Berlin physiologist have come to light. That was why the author gladly accepted the invitation from the History Book Committee of the American Physiological Society in 2005 to write a biography of Nathan Zuntz. The result is a completely new, revised version of the book which is based on more than twenty years of study on the life and work of this physiologist. This biography could not have been written without the help of numerous people and institutions. First, I would like to thank Dr. John West, the current Chairman of the APS History Book Committee, who personally committed himself so firmly to making this project possible from the very first day. I am very grateful to the Free University, the Charité, the DLR (German Aerospace Center) in Cologne and the management in Bonn-Oberkassel namely Dr. Horst Binnenbruck, Dr. Peter Freu, Prof. Dr. Günter Ruyters, Dr.

Drawing together the latest research in the field, The Routledge History of the Renaissance treats the Renaissance not as a static concept, but as one of ongoing change within an international framework. It takes as its unifying theme the idea of exchange and interchange through the movement of goods, ideas, disease and people, across social, religious, political and physical boundaries. Covering a broad range of temporal periods and geographic regions, the chapters discuss topics such as the material cultures of Renaissance societies; the increased popularity of shopping as a pastime in fourteenth-century Italy; military entrepreneurs and their networks across Europe; the emergence and development of the Ottoman empire from the early fourteenth to the late sixteenth century; and women and humanism in Renaissance Europe. The volume is interdisciplinary in nature, combining historical methodology with techniques from the fields of anthropology, sociology, psychology and literary criticism. It allows for juxtapositions of approaches that are usually segregated into traditional subfields, such as intellectual, political, gender, military and economic history. Capturing dynamic new approaches to the study of this fascinating period and illustrated throughout with images, figures and tables, this comprehensive volume is a valuable resource for all students and scholars of the Renaissance.

Im Mittelpunkt steht die Entwicklung und Gewichtung des Gegenseitigkeitsprinzips bei Versicherungsvereinen auf Gegenseitigkeit (VVaG) in Österreich. Beginnend mit den ersten Gründungen von VVaG führen die Forschungen bis in die Gegenwart und stellen die jeweiligen Entwicklungsphasen der Gegenseitigkeit dar. Die dabei erkennbare schrittweise Verdünnung des Gegenseitigkeitsprinzips in den VVaG bzw. die phasenweise Modifizierung des Gegenseitigkeitsgedankens werden sowohl für Österreich als auch mittels internationaler Beispiele in Form von Länderstudien präsentiert.
