Mini-set L: Sociology of Education re-issues 48 volumes originally published between 1928 and 1990. The books in this mini-set discuss: Teaching and social change, research processes in education, class, race, culture and education, marxist perspectives in the sociology of education, the family and education, the sociology of the classroom and school organization.

The Teacher's Guide includes standards-based lessons, scoring rubrics, examples of corrected practice tests, and complete background information.

GRAMMAR AND USAGE, NATURALLY takes an organic approach to grammar. By following a natural progression from foundational skills, such as parts of speech, to more complex skills, such as phrases and sentence types, students build the grammar skills they need to be clear and effective writers. A deliberate emphasis on correct grammar terminology allows students to feel more comfortable with terms used in composition. "Components at Work" features give students ample opportunities to practice and combine concepts cumulative to that chapter. Students also benefit from practicing grammar skills in conjunction with reading and writing skills, reinforcing their skill set and building their confidence as readers and writers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This practice workbook will develop and improve the language skills required by students in Massachusetts. It includes 10 practice tests covering spelling, grammar, usage, capitalization, and punctuation. Students will have extensive practice identifying errors, correcting errors, following writing conventions, and answering multiple choice questions about correct language use. Extensive Language Practice and Skill Development - 10 practice tests provide extensive practice applying language skills - Covers the skills listed in the language section of the 2017 ELA Curriculum Frameworks - Students learn to identify and correct spelling errors - Students learn to identify and use correct grammar - Students learn to use correct capitalization and punctuation - Students develop the skills needed to produce writing that follows standard writing conventions - Format allows for review and feedback after each set Key Benefits - Provides extensive experience applying language skills - Ongoing practice develops strong language skills - Develops and improves writing skills - Helps ensure student writing follows standard writing conventions - Improves performance on the MCAS English Language Arts tests

The English Grammar series introduces readers to one of the most difficult things they'll ever have to learn--the English language. Using fun examples, helpful hints, and engaging text, author Ann Heinrichs demystifies the mechanics of grammar. Each book tackles a different part of speech, untangling complicated usage rules point by point. These books will benefit any young reader learning the rules of language for the first time. Additional features to aid comprehension include colorful photos, a table of contents, sources for further research including websites, information about the author, activities for further learning, and an index.
