True balanced success starts with becoming the right kind of person. Becoming the right kind of person begins with the input that you allow into your life. If you want to change your life, your future, your success, it starts with what you put into your mind.

Volume 1 of the legendary How to Stay Motivated series - the most complete series on personal growth and success ever written!

"The reality is that in order to win in life, you must plan to win, prepare to win, and then and only then can you expect to win. " Zig Ziglar

True balanced success starts with becoming the right kind of person. Becoming the right kind of person begins with the input that you allow into your life. If you want to change your life, your future, your success, it starts with what you put into your mind. This program is packed with life-changing information that will help you transform your future!

" You are what you are and where you are because of what has gone into your mind; you can change what you are and where you are by changing what goes into your mind. " Zig Ziglar

- Are you unhappy with where you are in life?
- Are you looking for that edge that will help you grow to the next level?
- Are you looking to super-charge your personal growth?
- Do you want more of the things money will buy and all of the things money won ' t buy?
- Are you already successful, but looking to internalize the steps to success so that you can share them with the ones you love?

GREAT NEWS! Developing the Qualities of Success is the program you are looking for! Zig invested over 60 years of his life researching, testing, speaking, coaching, and communicating what it takes to become successful, and this program gives you the how-to plan you need to achieve more success the right way.

There are seven powerful lessons in this life-changing program:

- Lesson 1: Planning, preparing and expecting to win
- Lesson 2: Taking the first step to a brighter future
- Lesson 3: Motivation, the Key to Accomplishment
- Lesson 4: Identifying the qualities of success
- Lesson 5: Developing the qualities of success
- Lesson 6 & 7: Maintaining a winning attitude

Zig Ziglar's Born to Win: Find Your Success Code compresses four decades of life-changing tools and practices into one inspiring, easy-to-use format for people who want to grow and improve the whole spectrum of their lives now! Zig has always taught that you were born to win, but to be the winner you were born to be you must plan to win and prepare to win. Then and only then can you legitimately expect to win. Born to Win guides readers through this plan-prepare-expect strategy. You will learn that when you have the hope that things can change, and a plan to make that change possible, you can take action. Zig Ziglar's whole-person, balanced-living approach to life has inspired millions to enjoy good health, a new depth of love and gratitude for family and friends, financial security and independence, and spiritual peace of mind. His instruction on how to live a life that leaves no room for regret or worry is the starting point for a joyful, exciting, vibrant life. It is true that when you have prepared yourself to be the right kind of person, you can do what you need to do to expect success. When you truly understand that you were born to win, you can change the world!

"That certain groups do much better in America than others—as measured by income, occupational status, test scores, and so on—is difficult to talk about. In large part this is because the topic feels racially charged. The irony is that the facts actually

debunk racial stereotypes. There are black and Hispanic subgroups in the United States far outperforming many white and Asian subgroups. Moreover, there's a demonstrable arc to group success—in immigrant groups, it typically dissipates by the third generation—puncturing the notion of innate group differences and undermining the whole concept of 'model minorities.'" Mormons have recently risen to astonishing business success. Cubans in Miami climbed from poverty to prosperity in a generation. Nigerians earn doctorates at stunningly high rates. Indian and Chinese Americans have much higher incomes than other Americans; Jews may have the highest of all. Why do some groups rise? Drawing on groundbreaking original research and startling statistics, *The Triple Package* uncovers the secret to their success. A superiority complex, insecurity, impulse control—these are the elements of the Triple Package, the rare and potent cultural constellation that drives disproportionate group success. The Triple Package is open to anyone. America itself was once a Triple Package culture. It's been losing that edge for a long time now. Even as headlines proclaim the death of upward mobility in America, the truth is that the old-fashioned American Dream is very much alive—but some groups have a cultural edge, which enables them to take advantage of opportunity far more than others.

- Americans are taught that everyone is equal, that no group is superior to another. But remarkably, all of America's most successful groups believe (even if they don't say so aloud) that they're exceptional, chosen, superior in some way.
- Americans are taught that self-esteem—feeling good about yourself—is the key to a successful life. But in all of America's most successful groups, people tend to feel insecure, inadequate, that they have to prove themselves.
- America today spreads a message of immediate gratification, living for the moment. But all of America's most successful groups cultivate heightened discipline and impulse control. But the Triple Package has a dark underside too. Each of its elements carries distinctive pathologies; when taken to an extreme, they can have truly toxic effects. Should people strive for the Triple Package? Should America? Ultimately, the authors conclude that the Triple Package is a ladder that should be climbed and then kicked away, drawing on its power but breaking free from its constraints. Provocative and profound, *The Triple Package* will transform the way we think about success and achievement.

“ Drop the flashcards—grit, character, and curiosity matter even more than cognitive skills. A persuasive wake-up call. ” —People Why do some children succeed while others fail? The story we usually tell about childhood and success is the one about intelligence: success comes to those who score highest on tests, from preschool admissions to SATs. But in *How Children Succeed*, Paul Tough argues that the qualities that matter more have to do with character: skills like perseverance, curiosity, optimism, and self-control. *How Children Succeed* introduces us to a new generation of researchers and educators, who, for the first time, are using the tools of science to peel back the mysteries of character. Through their stories—and the stories of the children they are trying to help—Tough reveals how this new knowledge can transform young people's lives. He uncovers the surprising ways in which parents do—and do not—prepare their children for adulthood. And he provides us with new insights into how to improve the lives of children growing up in poverty. This provocative and profoundly hopeful book will not only inspire and engage readers, it will also change our understanding of childhood itself. “ Illuminates the extremes of American childhood: for rich kids, a safety net drawn so tight it's a harness; for poor kids, almost nothing to break their fall. ” —New York Times “ I learned so much reading this book and I came away full of hope about how we can make life better for all kinds of kids. ” —Slate

The secret to winning at life is one good choice at a time. Are you frustrated with your job, career, or relationships? Are you unsure if what you are doing right now in your life is the right thing? In this revolutionary new book, success and motivation expert Tom Ziglar shares the good news that you can change and that, in fact, you can win at life. *Choose to Win* shows you how to achieve massive change without massive upset. It all starts with identifying your why, which reveals the how that opens multiple doors of what. His revolutionary plan guides you through making one small choice at a time through a sequence of easy-to-follow steps in seven key areas: mental, spiritual, physical, family, finance, personal, and career. Ziglar also helps you identify the life-killing, unhealthy habits that cause misery, dissatisfaction, and lack of success—and, more importantly, how to implement positive habits through the trinity of transformation: desire, hope, and grit. The result is a more productive, more fulfilling, and more meaningful life. You can take control of your destiny and leave the lasting legacy you've dreamed about and deserve. You simply need to choose to do so.

Isn't it time YOU experienced the view from the top! Zig Ziglar dedicated his life to teaching people the art of successful living. Multitudes of individuals attribute their success in life to having attended a Zig Ziglar lecture, listening to a Zig Ziglar audio program, or reading one of his inspirational books. Yet, despite the incredible impact Zig has had on others he himself has realized that being successful is only part of life's challenges. He had discovered that success often can be a short-lived high. People are left with a feeling of, Is that all there is? They arrive at the goal line of life, look into the end zone, and discover that though it contains many of the things that money will buy, it contains very little of what money won't buy. Zig states emphatically that, yes, success is worth it, but it is not enough. The next step is to move from success into significance. Whether you've followed Zig Ziglar for many years or are experiencing him for the first time, this book will be a life-changing experience. *A View from the Top* will help you achieve success and significance. And when that happens, you'll reach the top and find that the view is simply magnificent.

Zig Ziglar's *Born to Win: Find Your Success*, compresses four decades of life-changing tools and practices into one inspiring, easy-to-use format for people who want to grow and improve the whole spectrum of their lives now!"

Are you at the top of your game—or still trying to get there? Take your cues from the short, powerful *Nine Things Successful People Do Differently*, where the strategies and goals of the world's most successful people are on display—backed by research that shows exactly what has the biggest impact on performance. Here's a hint: accomplished people reach their goals because of what they do, not just who they are. Readers have called this “ a gem of a book. ” Get ready to accomplish your goals at last.

The updated edition of the bestselling book that has changed millions of lives with its insights into the growth mindset “ Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life. ” —Bill Gates, *GatesNotes* After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. *Mindset* reveals how great parents, teachers, managers, and athletes can put this idea to

use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.
