Drug slang — or a vocabulary originating from the streets — helps maintain the down-low status quo. It is an unofficial, official coded language that separates the have from the have-no-clues. These include law enforcement officials, educators, parents, or anyone else keen on eavesdropping or discovering the illicit conduct of others.

You can also improve your knowledge of verb conjugations with our gradual introduction of the various tenses of verbs in this book.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Stalaj, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation 's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings caucers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune 's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man 's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of " hope and change, " and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama 's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

This instructor's edition of a vocabulary textbook for college students, who read at the fifth to eighth grade level, features 25 chapters and teaches 250 basic words. The first and third chapters in each unit contain word-part practices. The second and fourth chapters in each unit contain synonym-anonym practices. The book's last chapter in each unit contains an analogy practice, review, and test. Also included is an answer key, a section on dictionary use, and a word list. The student edition is identical to the instructor's edition except that answers are not provided. (CR)

Provides definitions and study tips for over sixteen hundred frequently used SAT words and includes strategies for memorizing the words and answering questions on the test.

The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: an explanation of the key aspects of the CEFR for teaching and learning; a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre – A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to: promote and support the learning and teaching of modern languages; enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; protect linguistic and cultural diversity in Europe; and promote the right to quality education for all.

The Heinemann Plays series offers contemporary drama and classic plays in durable classroom editions. Many have large casts and an equal mix of boy and girl parts. This play is a dramatization of Daniel Keyes's story about a retarded adult who desperately wants to be able to read and write.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
