The economics background investors need to interpret global economic news distilled to the essential elements: A tool of choice for investment decision-makers. Written by a distinguished academics and practitioners selected and guided by CFA Institute, the world's largest association of finance professionals, Economics for Investment Decision Makers is unique in presenting microeconomics and macroeconomics with relevance to investors and investment analysts constantly in mind. The selection of fundamental topics is comprehensive, while coverage of topics such as international trade, foreign exchange markets, and currency exchange rate forecasting reflects global perspectives of pressing investor importance. Concise, plain-English introduction useful to investors and investment analysts Relevant to security analysis, industry analysis, country analysis, portfolio management, and capital market strategy Understand economic news and what it means All concepts defined and simply explained, no prior background in economics assumed Abundant examples and illustrations Global markets perspective

International Trade provides a thorough understanding of the issues involved in developing and managing overseas trade. Originally aimed at those studying for professional qualifications and practitioners involved in export and international trade, combining 'textbook' information and accessible guidelines for best practice, this important handbook has now been fully updated with new material on EU and US law and on major target markets such as China. Opening with a description of the structure of the global economy and the dynamics governing world trade, this third edition covers a multitude of topics including: international marketing, legal issues, customs control, risk management and export finance.
