Equity and trusts is a unique branch of English law based on a body of principles made by the Courts of Chancery, that focusses on bringing balance to the legal system, particularly the Common Law.

Equity and Trusts/Introduction - Wikibooks, open books for ...

The law of trusts was constructed as part of "equity", a body of principles made by the Courts of Chancery, which sought to correct the strictness of the common law. The trust was an addition to the law of property , in the situation where one person held legal title to property, but the courts decided it was fair, just or "equitable" that this person be compelled to use it for the benefit of another.

Equity and Trusts: Amazon.co.uk: Hudson, Alastair ...

The trust, recognized originally in Chancery, is based on confidence and developed from the use; it has been described as the most important contribution of English equity to jurisprudence. The beneficiary has rights against the trustee and may also have rights over the property in the hands of others (see tracing trust property). When a sole beneficiary is 18 or over, sane, and entitled to all the trust property, he may require the trustees to transfer that property to him; this applies ...

Equity and Trusts remains the most comprehensive and up-to-date coverage of the law of Equity and Trusts, while still a lively and thoughtful account of the issues raised by it. This book has been cited as being authoritative in the courts of numerous countries.

Alastair Hudson's Equity and Trusts is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies. It provides a clear, current and comprehensive account of the subject through which the author's enthusiasm and expertise shine through, helping to bring to life an area of the law which students often find challenging. Fully updated and revised, this Seventh Edition contains an analysis of Jones v Kernott and trusts of homes; a new treatment of dishonest assistance and unconscionable receipt; a full treatment of the law on super-injunctions; coverage of all of the trusts law cases precipitated by the collapse of Lehman Brothers; a reflection on women and equity, and the politics of trusts law; a new treatment of the Hastings-Bass principle; and analysis of over 200 new cases and the Perpetuities and Accumulations Act 2009. Equity and Trusts remains the most comprehensive and up-to-date coverage of the law of Equity and Trusts, while still a lively and thoughtful account of the issues raised by it. This book has been cited as being authoritative in the courts of numerous countries. The seventh edition is supported by a companion website which includes: • over 50 short podcast lectures by the author discussing and clarifying key topics from within the book, which cover an entire course; • a set of brief video documentaries filmed on location which provide context and bring to life selected key topics; • a brief introductory video presentation from the author introducing the viewer to the subject of Equity and Trusts and to the book in particular.

Unlocking Equity and Trusts will help you grasp the main concepts of Equity and Trusts with ease. Visit www.unlockingthelaw.co.uk for access to free study resources, including multiple choice questions, key questions and answers, revision mp3s and cases and materials exercises.

Equity and Trusts: A Problem-Based Approach creates a fresh approach to learning through the use of integrated realistic case studies designed to simulate how the law works in practice. With comprehensive coverage of the complete equity and trusts curriculum, unlike other textbooks, it integrates a thorough exposition of the legal rules with applied problem-solving opportunities, highlighting the legal issues and providing essential context for the law. The book's goal is to familiarise students with a more active and practical approach to equity and trusts that will deepen their knowledge and understanding. Written in a clear and concise style but without sacrificing detail or analysis, Judith Riches not only provides students with a full and wide-ranging account of the law, but also helps them to develop the analytical and problem-solving skills they will need to succeed in their studies and beyond. Key features include: Case studies at the start of each chapter provide real-world context to each topic and help to familiarise readers with the legal language and style they will encounter Apply Your Learning boxes invite students to reflect and consolidate on the content covered in order to apply the law back to the case study Consider This boxes present variations to the case studies and alternative scenarios to challenge students to take their application of the law to the next level Key Cases and Statutes boxes reinforce the essential role of cases and legislation in the development and application of land law and help students identify key sources of legal authority for revision purposes Tutor Tips highlight important issues and opportunities to impress tutors and examiners without interrupting the flow of the text

Principles of Equity and Trusts is a concise new textbook from Alastair Hudson - the author of the definitive classic, Equity and Trusts. Through clear and careful analysis, the author explains what the law is, its foundational principles, and its social and economic effect. By beginning with the core principles on which this field is based, even the most complex academic debates concerning express, resulting and constructive trusts, the family home, charities law and other equitable doctrines become comprehensible and interesting. This book offers a fresh, lively and often humorous account of Equity and Trusts. Through easy-to-follow worked examples and analysis of the case law, Alastair helps you to answer problem questions and to prepare coursework. The author shows how the law affects real people in real situations. Each chapter begins with a clear and concise introduction to the core principles. It contains numbered headings for ease of navigation and advice on studying this subject. Students also have access to Professor Hudson's ever-popular supporting website which has had hundreds of thousands of hits over the years. It has over 50 brief podcasts on key issues which have been specially re-recorded to coincide with the publication of this book. That website also contains detailed lectures, a variety of videos explaining the law and guidance on tackling assessments. Characterised by the passion and enthusiasm for his subject matter that make Alastair Hudson's classic textbook so popular, Principles of Equity and Trusts is sure to be a winner with both academics and students alike.

This well-respected textbook, offering a traditional approach to equity and trusts, has been a trusted resource for academics and students for nearly 50 years. It gives an exceptionally in-depth and thorough account of equity and trusts law, providing everything the student needs to understand the issues.

Equity & Trusts: Text, Cases, and Materials provides a comprehensive guide to trusts and equity in a single volume. Drawing on a judiciously balanced selection of case extracts, journal articles, and academic writing, Davies and Virgo present their authoritative commentary on the law with clarity and rigour. The text

Where To Download Equity And Trusts

guides students through the key legal principles of each case, utilizing supporting learning features to highlight important aspects and help develop students' independent research skills. Central Issues boxes introduce each chapter to identify the key themes examined and scenario-based questions frame the law in a practical context, encouraging students to think creatively around the subject and assess their own understanding. This text offers a holistic approach to the study of equity and trusts. Using their unrivalled teaching experience, the authors bring together an expertly selected collection of cases and legal scholarship to present a text that is firmly student-focused, enabling students to fully grasp the key concepts and achieve the best possible results. Online Resources Supporting answer guidance to the end of chapter questions is offered online.

Understanding Equity and Trusts is a sister text to Alastair Hudson's leading textbook Equity and Trusts, that gives those unfamiliar with the subject a clear, accessible, readable and comprehensive overview of the main themes in this dynamic area of the law. Whether used at the beginning of studying this field, as an aid to study or in the period before examinations, this book provides the reader with an invaluable grounding in all of the key principles of equity and the law of trusts. This book covers all of the topics that a student reader will encounter in any trusts law or general equity course. The text deals with express trusts, resulting and constructive trusts, the duties of trustees, breach of trust and tracing, commercial uses of trusts, charities, pensions, trusts of homes and equitable remedies. The third edition has been revised and updated to include new material on investing trusts and trustee's duties and the material on charities has been substantially rewritten in the light of the Charities Act 2006. The law of trusts is built on simple basic principles. The approach of this book is to begin with a clear presentation of those principles before guiding the reader through the more complex issues which are the feature of examinations in this subject. The lively text includes a large number of straightforward examples to make the discussion of the general law more accessible.

Complete Equity & Trusts is supported by clear author commentary, choice extracts, and useful learning features. The explanations and examples in this textbook have been crafted to help students hone their understanding of trusts law. The Complete titles are ambitious in their scope; they've been carefully developed with teachers to offer law students more than just a presentation of the key concepts. Instead they offer a complete package. Only by building on the foundations of the subject, by showing how the law works, demonstrating its application through extracts from cases and judgments, and by giving students the tools and the confidence to think critically about the law will they gain a complete understanding. This book is accompanied by free online resources, which feature resources for students and lecturers including the following: - Guidance for answering end-of-chapter questions in the book - Self-test question with instant feedback - A flashcard glossary of key terms - Updates on legislation and case law

Equity and Trusts is an ideal choice for all undergraduate and GDL students looking for a comprehensive yet accessible textbook on this complex area of law. The author's clear writing style, plentiful explanations and focus on modern case law demystify difficult concepts and help to bring the subject to life.
