inspirational collection of letters written by successful trans women shares the lessons they learnt on their journeys to womanhood, celebrating their achievements and empowering the next generation to become who they truly are. Written by politicians, scientists, models, athletes, authors, actors, and activists from around the world, these letters capture the diversity of the trans experience and offer advice from make-up and dating through to fighting dysphoria and transphobia. By turns honest and heartfelt, funny and furious or beautiful and brave, these letters send a clear message of hope to their sisters: each of these women have gone through the struggles of transition and emerged the other side as accomplished, confident women; and if we made it sister, so can you!

In his much-anticipated memoir, *The Company I Keep: My Life in Beauty*, Chairman Emeritus and former CEO of The Estée Lauder Companies Leonard A. Lauder shares the business and life lessons he learned as well as the adventures he had while helping transform the mom-and-pop business his mother founded in 1946 in the family kitchen into the beloved brand and ultimately into the iconic global prestige beauty company it is today. In its infancy in the 1940s and 50s, the company comprised a handful of products, sold under a single brand in just a few prestigious department stores across the United States. Today, The Estée Lauder Companies constitutes one of the world's leading manufacturers and marketers of prestige skin care, makeup, fragrance and hair care products. It comprises more than 25 brands, whose products are sold in over 150 countries and territories. This growth and success was led

by Leonard A. Lauder, Estée Lauder's oldest son, who envisioned and effected this expansion during a remarkable 60-year tenure, including leading the company as CEO and Chairman. In this captivating personal account complete with great stories as only he can tell them, Mr. Lauder, now known as The Estée Lauder Companies' Chief Teaching Officer, reflects on his childhood, growing up during the Great Depression, the vibrant decades of the post-World War II boom, and his work growing the company into the beauty powerhouse it is today. Mr. Lauder pays loving tribute to his mother Estée Lauder, its eponymous founder, and to the employees of the company, both past and present, while sharing inside stories about the company, including tales of cutthroat rivalry with Charles Revson of Revlon and others. The book offers keen insights on honing ambition, leveraging success, learning from mistakes, and growing an international company in an age of economic turbulence, uncertainty, and fierce competition.

From its beginning as a military installation in the Second Seminole War through the postwar booms of the 20th century, Fort Myers has had its share of famous residents and heroes, from Thomas A. Edison to Olympian Al Oerter, from musician Billy Nalle and football Hall-of-Famer Deion Sanders to world-renowned artist Robert Rauschenberg. But beyond being the winter home of such famous residents as the Edisons and Fords, the City of Palms has been fertile ground for local legends, both admirable and notorious. County commissioner "Wild Bill" Towles burned down the county courthouse so he could build a modern one--and got lots of help. Plucky 10-year-old Margaret Mickle set out in a rowboat and got a private meeting with a former president of the United States on demand. Nurse LaVeta Allen defied Jim Crow laws to save the life of a black woman, knowing it would get her fired. Such are the raucous, comical, and touching histories of those who made a difference in Fort Myers.

In 1920, Virginia's General Assembly refused to ratify the Nineteenth Amendment to the United States Constitution to grant women the vote. Virginia's suffragists lost. Or did they? When the thirty-sixth state ratified the amendment, women gained voting rights across the nation. Virginia suffragists were a part of that victory, although their role has been nearly forgotten. They marched in parades, rallied at the state capitol, spoke to crowds on street corners, staffed booths at fairs, lobbied legislators, picketed the White House and even went to jail. *The Campaign for Woman Suffrage in Virginia* reveals how women created two statewide organizations to win the right to vote. At the centenary of the movement, these remarkable women can at last be recognized for their important contributions.

John Wallis (1616-1703), was one of the foremost British mathematicians of the seventeenth century, and is also remembered for his important writings on grammar and logic. An interest in music theory led him to produce translations into Latin of three ancient Greek texts - those of Ptolemy, Porphyry and Bryennius - and involved him in discussions with Henry Oldenburg, the Secretary of the Royal Society, Thomas Salmon and other individuals as his ideas developed. The texts presented in this volume cover the relationship of ancient and modern tuning theory, the building of organs, the phenomena of resonance, and other musical topics.
