Emerging in the 1990s, he drew fans in with smooth releases like 1994's *For You*, 2002's *Standing Tall*, and 2013's *Twenty*, the latter of which hit number three on the Billboard Jazz Albums chart. More than a quarter-century after his death, James Baldwin remains an unparalleled figure in American literature and African American cultural politics. In *Who Can Afford to Improvise?* Ed Pavli offers an unconventional, lyrical, and accessible meditation on the life, writings, and legacy of James Baldwin and their

relationship to the lyric tradition in black music, from gospel and blues to jazz and R&B. Based on unprecedented access to private correspondence, unpublished manuscripts and attuned to a musically inclined poet's skill in close listening, *Who Can Afford to Improvise?* frames a new narrative of James Baldwin's work and life. The route retraces the full arc of Baldwin's passage across the pages and stages of his career according to his constant interactions with black musical styles, recordings, and musicians.

Presented in three books — or movements — the first listens to Baldwin, in the initial months of his most intense visibility in May 1963 and the publication of *The Fire Next Time*. It introduces the key terms of his lyrical aesthetic and identifies the shifting contours of Baldwin's career from his early work as a reviewer for left-leaning journals in the 1940s to his last

published and unpublished works from the mid-1980s. Book II listens with Baldwin and ruminates on the recorded performances of Billie Holiday and Dinah Washington, singers whose message and methods were closely related to his developing world view. It concludes with the first detailed account of “ The Hallelujah Chorus, ” a performance from July 1, 1973, in which Baldwin shared the stage at Carnegie Hall with Ray Charles. Finally, in Book III, Pavli reverses our musically inflected reconsideration of Baldwin ’ s voice, projecting it into the contemporary moment and reading its impact on everything from the music of Amy Winehouse, to the street performances of Turf Feinz, and the fire of racial oppression and militarization against black Americans in the 21st century. Always with an ear close to the music, and avoiding the safe box of celebration, Who

Can Afford to Improvise? enables a new kind of “ lyrical travel ” with the instructive clarity and the open-ended mystery Baldwin ’ s work invokes into the world.

A collection of essays presenting critiques and analysis of the major works of the African American author.

In Teaching Particulars, Helaine Smith engages her students, grammar school through twelfth grade—and any avid reader—in the questions that great literature evokes. Included are chapters on Homer and Genesis; plays by Sophocles, Shakespeare, and Beckett; poems by Jonson, Donne, Coleridge, Browning,

Hopkins, Yeats, Bishop, Hecht, Dove, and Lowell; essays by Baldwin, Lamb, and White; and fiction by Flannery O'Connor, Dickens, Joyce, Poe, Tolstoy, Mann, and Kafka. Whether Helaine Smith is talking to young or older students, she shows how any devoted reader can uncover all sorts of subtle beauty and meaning by reading closely and by assuming that virtually every word and phrase of a great text is deliberate. The question-and-answer form of these jargon-free dialogues creates the feeling of a vibrant classroom where learning and delight are the watchwords. "After her forty years of teaching, Smith's keen understanding of the literary canon makes her the perfect candidate to write this humorous and insightful book."

1 Songbook of important, life-shaping books. The guidance is unfailingly humane, the essays thoughtfully presented by someone who cares as much for the written word as she does about her classroom and her subject matter. Her commentary on Hecht ' s ' Rites and Ceremonies, ' the poet ' s complex response to Eliot ' s ' The Waste Land, ' ranks among the very best anywhere, as is true for her reading of Hecht ' s ' Devotions of a Painter, ' which has the further advantage of illuminating that work in light of Elizabeth Bishop ' s profound meditation on painting in her ' Poem. ' Reading Teaching Particulars makes me wish that all of my students could have had Helaine Smith as their teacher. " —Jonathan F. S. 1 like Teaching Particulars, a book packed with so much wisdom and practical advice about teaching literature that every instructor of grades 6 to 12—and of college classes, too—will want to get a copy right now. Even if you 're not a teacher, I highly recommend it. The love of books pulses through every page Helaine Smith writes, and her passion is infectious. She opens our eyes to the pleasures of reading in a way that few critics can, and she does it all in a book whose style is both elegant and friendly. ”

—David Mikics, John and Rebecca Moores Professor of English, University of Houston, and author of *Slow Reading in a Hurried Age* “ Teaching Particulars is a bounteous resource for all teachers, as well as a pleasure just to curl up with and read away. ” —Susan J. 1. Imaginative, precise, intuitive, and gracefully learned. Now anyone who opens her Teaching Particulars can have the rare privilege of learning from her how to read, in the truest sense. It ' s never too late to be startled into delight by the power of language, and that is the experience offered on every page of this book. It ' s a book not only for the schoolroom, but for the school of life. ” —Rosanna Warren, Hanna Holborn Gray Distinguished Service Professor, The Committee on Social Thought, The University of Chicago

varied body of work that includes short stories, novels, and polemical essays, this collection reflects the major events that left an indelible imprint on the iconic writer: civil rights, black nationalism and the struggle for gay rights in the pre- and post-Stonewall eras. The essays also highlight Baldwin's under-studied role as a trans-Atlantic writer, his lifelong struggle with faith, and his use of music, especially the blues, as a key to unlock the mysteries of his identity as an exile, an artist, and a black American in a racially hostile era.

A treasury of essays, articles and reviews by the late author of *Giovanni's Room* includes pieces that explore such topics as religious fundamentalism, Russian literature and the possibility of an African-American president.

Children's Song Favorites is a collection of 75 songs for children of all ages, most of them from the folk tradition. They have been collected over more than fifty years by a professional folk singer, who is also a mother and grandmother. Each song has the melody line, complete lyrics and suggested accompaniment chords for guitar or other instrument. Many of them are unusual—for example, all 13 verses of the Three Blind Mice, Hail to Britannia (a British nursery rhyme song), and for older children, Chopo, My Pony (a cowboy song), Old Thompson's Mule (of minstrel origin) and the Housewife's Lament. Audience requests have persuaded the author to include two pieces she has written—The Doll Song and the Solution to Pollution. More than three-quarters of

A few descriptive sentences, sometimes with suggestions for creative activity, precede each song. the songs are arranged alphabetically, and an extra table of contents lists the songs by categories: animals, cowboys and the West, creative activity, dance tunes, history, holidays, quiet time, and teaching. Although this book was designed primarily for children, the author regularly uses many of these songs with grown-up audiences.
