# Where To Download Fighting Making The Case

NATIONAL BESTSELLER — Senator John McCain tells the story of his great American journey, from the U.S. Navy to his electrifying campaign for the presidency in 2000, interwoven with heartfelt portraits of the mavericks who have inspired him through the years. After five and a half years as a prisoner of war in Vietnam, naval aviator John McCain returned home a changed man. Regaining his health and flight-eligibility status, he resumed his military career, commanding carrier pilots and serving as the navy's liaison to what is sometimes ironically called the world's most exclusive club, the United States Senate. Accompanying Senators John Tower and Henry "Scoop" Jackson on international trips, McCain began his political education in the company of two

## Where To Download Fighting Making The Case

masters, leaders whose standards he would strive to maintain upon his election to the U.S. Congress. There, he learned valuable lessons in cooperation from a good-humored congressman from the other party, Morris Udall. In 1986, McCain was elected to the U.S. Senate, inheriting the seat of another role model, Barry Goldwater. During his time in public office, McCain has seen acts of principle and acts of craven self-interest. He describes both extremes in these pages, with his characteristic straight talk and humor. He writes honestly of the lowest point in his career, the Keating Five savings and loan debacle, as well as his triumphant moments—his return to Vietnam and his efforts to normalize relations between the U.S. and Vietnamese governments; his fight for campaign finance reform; and his galvanizing bid for the presidency in 2000. Writes McCain:

“A rebel without a cause is just a punk. Whatever you’re

# Where To Download Fighting Making The Case

called "rebel, unorthodox, nonconformist, radical" it's all self-indulgence without a good cause to give your life meaning. This is the story of McCain's causes, the people who made him do it, and the meaning he found. Worth the Fighting For reminds us of what's best in America, and in ourselves. Praise for Worth the Fighting For

"When [John] McCain writes of people and patriotism, his pages shine with a devotion, a loving awe, that makes Worth the Fighting For worth the shelling out for. . . . McCain the man remains one of the most inspiring public figures of his generation." Jonathan Raunch, *The Washington Post*

"[An] unpredictable, outspoken memoir . . . a testimonial to heroism from someone who has first-hand knowledge of what it takes." *The New York Times*

"YouTube War: Fighting in a World of Cameras in Every Cell

the world. On it rests the stability of East Asia, and it represents the most significant challenge to the effectiveness of U.S. foreign policy, Yet far too little is known about China, and in particular how the Chinese military think about the future. Michael Pillsbury has performed a signal service in selecting, translating, and interpreting these revealing and hard-to-obtain writings by senior Chinese officers, The reader is in for a surprise. Rather than parading the tired slogans of People's War, these analysts examine a military future marked by 'information deterrence', 'crippling attacks on information systems' and similar notions and by a search for 'new measures of effectiveness.' The future remains uncertain, but the best preparation--- as Sun Tzu might say--- is to understand the mind of those with whom we must deal." James Schlesinger, Former Director of Central Intelligence and Former Secretary of

since the 1980s, borrowing imagery and vocabulary from the civil rights era and political correctness movements of the left. Thinking History, *Fighting Evil* explores the instrumentalization of anti-Americanism and anti-Semitism in the service of U.S. foreign policy, paying attention to how conservatives approach 'far enemies' (Islamism), 'near enemies' (Europe and Latin America), and the 'enemies within' (the domestic left).

Since terrorism became a global national security issue in the new millennium, all governments have wrestled with its effects. Yet strong measures against terrorism have often made the root causes of the problem worse, while weak responses have invited further

## Where To Download Fighting Making The Case

attack. In response, this book explains how governments can construct and execute the most effective strategies to combat terrorism—and how they can manage the consequences of those acts of terrorism they cannot prevent. It provides an overview of the complex problem of terrorism and offers a guide to shaping solutions to fit the unique structures and processes of governments. These issues and their solutions are demonstrated in six case studies. The book's value lies in its holistic treatment of what governments can do to protect their societies, with the ultimate goal of reducing terrorism from the global security threat it is today to a national-level criminal problem. Written by a team of experts, the book offers a concise but complete course on the most important national security challenge of our time.
