Financial Accounting, 5th Edition provides students with an understanding of fundamental concepts necessary to use accounting effectively. Starting with a " macro " view of accounting information, the authors present real financial statements. They establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. Kimmel, Weygandt and Kieso motivate students by grounding the discussion in the real world, showing them the relevance of the topics covered to their future.

Kimmel has all the tools you need for a successful accounting course! The new fifth edition of Financial Accounting: Tools for Decision-Making by Kimmel, Weygandt, Kieso, Trenholm and Irvine continues to provide the best tools for both instructors and students to succeed in introductory financial accounting class. Previous editions have been praised by professors and students alike for a sound pedagogical framework, clear presentation, and real-world focus. This hands-on text, paired with a powerful online teaching and learning environment, WileyPLUS, offers students a practical set of tools for use in making business decisions based on financial information. The focus of the fifth edition Financial Accounting: Tools for Decision-Making remains the same: to help you teach and learn the basics of financial accounting in an engaging and pedagogically sound manner, and at the same time bring to your attention the most current coverage of both sets of rapidly changing accounting standards, IFRS and ASPE. The text and its outstanding supplements, including WileyPLUS, form an integrated and easy-to-use solution for instructors and students alike.

Financial Accounting, 5th Edition provides students with an understanding of fundamental concepts necessary to use accounting effectively. Starting with a "macro" view of accounting information, the authors present real financial statements. They establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. Kimmel, Weygandt and Kieso motivate students by grounding the discussion in the real world, showing them the relevance of the topics covered to their future.
