Supporters of Losing Your Mind To Find Your Soul "People would have to buy multiple books to get everything you two are putting into this book" "I absolutely love your book. Honestly, I'm reading it again because it had so much information. It's deep and embodies so many aspects of spirituality. That's what I enjoyed the most about it. It's different because of that. Everything around spirituality, books, usually focus on only one or two areas. I think back to that time when I was desperately seeking answers and had no one around me to ask or talk to about this. If your book would have been available, wow, a game-changer. I can't tell you how many books I've read, especially when I was desperately seeking out everything and anything that talks about universal beliefs, all of it. Many things were, well, a waste of time. Then I would find a book which is a gold nugget. That's what makes your book amazing. You've covered so many things around this that even if only a few things resonate with a reader, you've given that person a trail and a path to follow. It will lead them to go and open more doors." - Beta Reader "Wow I can't put this book down such a great read." - Amazon Review
