~~"What are the best investments for me?"... "What about risk?"... "Do I need professional help with my investments and can I afford it?" Mastering the language, concepts, vehicles and strategies of investing can be challenging. Fundamentals of Investing shows how to make informed investment decisions, understand the risks inherent in investing and how to confidently shape a sound investment strategy. Fundamentals of Investing 3rd edition is completely updated and introduces core concepts and tools used by Australian investors, providing a firm understanding of the fundamental principles of investments. Focusing on both individual securities and portfolios, students learn how to develop, implement and monitor investment goals after considering the risk and return of both markets and investment vehicles. Fundamentals of Investing is suitable for introductory investments courses offered at university undergraduate or post-graduate level, as well as colleges, professional certification programs and continuing education courses.~~

~~For undergraduate courses in Investments. The Core Concepts and Tools Students Need to Make Informed Investment Decisions Fundamentals of Investing helps students make informed investment decisions by providing a solid foundation of core concepts and tools. Smart/Gitman/Joehnk use practical, hands-on applications to introduce the topics and techniques used by both personal investors and money managers. The authors integrate a consistent framework based on learning goals to keep students focused in each chapter. Students leave the course with the necessary information for developing, implementing, and monitoring a successful investment program. The 13th Edition uses a conversational tone to make the foreign language, concepts, and strategies of investing accessible to a student audience. With the help of examples throughout, students learn to make informed decisions in order to achieve investment goals. The book focuses on both individual securities and portfolios, teaching students to consider the risk and return of different types of investments and how to use this knowledge to develop, implement, and monitor goals.
