Grade 5 Unit 3 Week 1 - Macmillan/McGraw-Hill

In Grade 5 Unit 1, Place Value with Decimals, students extend this understanding in two ways. First, they see that a similar pattern emerges with place values to the left of a digit; namely, they are 1/10 of the value. Secondly, students extend these understandings of a digit and the places to the left and to the right to decimal numbers.

From kindergarten to second grade students have started to build the bricks of math. In third grade we start to take those bricks and build a house. To get the most out of this curriculum you need to practice, practice, practice, and practice. Here are some fact triangles to help practice at home. I've also added a list of Do Anytime ...

An award-winning novel in verse about a boy who navigates the start of seventh grade and life growing up on the border the only way that feels right--through poetry. They call him Güero because of his red hair, pale skin, and freckles. Sometimes people only go off of what they see. Like the Mexican boxer Canelo Álvarez, twelve-year-old Güero is puro mexicano. He feels at home on both sides of the river, speaking Spanish or English. Güero is also a reader, gamer, and musician who runs with a squad of misfits called Los Bobbys. Together, they joke around and talk about their expanding world, which now includes girls. (Don't cross Joanna--she's tough as nails.) Güero faces the start of seventh grade with heart and smarts, his family's traditions, and his trusty accordion. And when life gets tough for this Mexican American border kid, he knows what to do: He writes poetry. Honoring multiple poetic traditions, They Call Me Güero is a classic in the making and the recipient of a Pura Belpré Honor, a Tomás Rivera Mexican American Children's Book Award, a Claudia Lewis Award for Excellence in Poetry, and a Walter Dean Myers Honor.

Your students will engage in their first guided practice with fresh reading selections every week! Students can directly interact with text in this fun take-home book by underlining, circling, and highlighting text to support answers with text evidence.

Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for fifth grade to help ensure that children master necessary math skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances--because Mama's life, and her own, depend on it.

Ida B. Applewood believes there is never enough time for fun. That's why she's so happy to be homeschooled and to spend every free second outside with the trees and the brook. Then some not-so-great things happen in her world. Ida B has to go back to that Place of Slow but Sure Body-Cramping, Mind-Numbing, Fun-Killing Torture--school. She feels her heart getting smaller and smaller and hardening into a sharp, black stone. How can things go from righter than right to a million miles beyond wrong? Can Ida B put together a plan to get things back to just-about perfect again?
