A1: Greek organizations are a great way for students to make an easier transition into college from home, parents and high school friends. For most students, Greek life becomes a home away from home. It becomes a place where close, lifelong friendships are created. Most of these groups emphasize leadership, scholarship, service, and fellowship among other important values.

"The College Files" answers the single most important question that a first semester freshman in college will have: How do I survive? Chris Ferretti discusses a vast range of college topics including Greek life, drugs, time management, cramming for an exam, surviving difficult relationships, how a student can choose a major, and much more. He addresses all of the relevant issues that someone new to college will encounter, and does so in a layman's tongue. At the core of the book, Chris talks about his personal experience of losing a loved one during his college years and encourages the reader to cherish everything that life has to offer. Without a doubt, "The College Files" supplies an immediacy of experience that freshman, and parents will find enlightening and worthwhile.

* A Real Simple Best Book of 2019: "An essential read for parents and students." * The New York Times bestselling author of Pledged is back with an unprecedented fly-on-the-wall look inside fraternity houses from current brothers' perspectives—and a fresh, riveting must-read about what it's like to be a college guy today. Two real-life stories. One stunning twist. Meet Jake, a studious freshman weighing how far to go to find a brotherhood that will introduce him to lifelong friends and help conquer his social awkwardness; and Oliver, a hardworking chapter president trying to keep his misunderstood fraternity out of trouble despite multiple run-ins with the police. Their year-in-the-life stories help explain why students are joining fraternities in record numbers despite scandalous headlines. To find out what it's like to be a fraternity brother in the twenty-first century, Robbins contacted hundreds of brothers whose chapters don't make headlines—and who suggested that many fraternities can be healthy safe spaces for men. Fraternity is more than just a page-turning, character-driven read. It's a vital book about the transition from boyhood to manhood; it brilliantly weaves psychology, current events, neuroscience, and interviews to explore the state of masculinity today, and what that means for students and their parents. It's a different kind of story about college boys, a story in which they candidly discuss sex, friendship, social media, drinking, peer pressure, gender roles, and even porn. And it's a book about boys at a vulnerable age, living on their own for perhaps the first time. Boys who, in a climate that can stigmatize them merely for being male, don't necessarily want to navigate the complicated, coming-of-age journey to manhood alone.

College . . . Will your classes be as fun and exciting as they sound in the course catalog? Or will you find that you need to take advantage of your professors' office hours in order to keep up? Will ramen become your only meal? Will you get along with your roommate? From handling studying and dorm life to parties and campus safety, this guide gives you straight answers to help you survive college life. Experts Susan Fitzgerald and J. Lee Peters show you how to: Ace your papers and exams Deal

with loud, rude, or eccentric roommates Prepare for financial shock--and manage student loans Plan an incredible study abroad experience Take care of yourself and keep your sanity You will also find tips for packing for the big move, managing your money, making new friends, and balancing academics and your social life. With The Everything College Survival Book, 3rd Edition, you'll arrive on campus less stressed, ready for fun--and poised for success!

Best-selling author Jackson Spielvogel helped over one million students learn about the present by exploring the past. Spielvogel's engaging, chronological narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. WESTERN CIVILIZATION includes 185 maps and excerpts of over 224 primary sources that enliven the past while introducing students to the source material of historical scholarship. Additionally, the text is lushly illustrated with 430 photographs that add visual context. A variety of pedagogical tools, including features on relevant films and new end-of-chapter study aids, make this edition accessible to any learning style. Available in the following split options: WESTERN CIVILIZATION, Eighth Edition (Chapters 1-30), ISBN: 978-0-495-91324-5; Volume I: To 1715 (Chapters 1-16), ISBN: 978-1-111-34212-8; Volume II: Since 1500 (Chapters 13-30), ISBN: 978-1-111-34213-5; Volume A: To 1500 (Chapters 1-12), ISBN: 978-1-111-34214-2; Volume B: 1300 to 1815 (Chapters 11-19), ISBN: 978-1-111-34215-9; Volume C: Since 1789 (Chapters 19-30), ISBN: 978-1-111-34216-6; Title: Alternate Volume: Since 1300 (Chapters 11-30), ISBN: 978-1-111-34219-7. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A guide to the nation's colleges publishes extensive surveys from three hundred educational institutions, covering college essays, interviews, SAT's, academic workloads, housing, fraternities, campus facilities, and other details.

The American Fraternity is a mysterious photo and ritual book that lifts the veil on America's oldest and most influential male tradition. The text comes from a decaying ritual manual from a prominent college fraternity. Seventy-five percent of modern U.S. presidents, senators, justices, and executives have taken arcane oaths of allegiance like the ones it contains. Six decades of red ceremonial wax stain it like blood. It is filled with dark power.

If you ' re currently a college student, or plan on being one, you need to check out this book. Written by award-winning professors Lynn Jacobs and Jeremy Hyman, it ' s loaded with insider information that only professors know--but few are willing to reveal. The over 600 tips in this book will show you: How to pick good courses and avoid bad professors How to develop "college-level" skills and habits that ' ll put you ahead of the pack How to get through the freshman comp, math, language, and lab science requirements--in one try How to figure out what ' s going to be on the tests, and what professors are looking for in papers and presentations How to pick a major you ' ll really like--and be good at How to get the edge for graduate school--or the inside track to a really good job And much more. The tips are quick and easy-to-use, and the advice is friendly and supportive. It ' s as if you had your own personal professor guiding you on the path to college success.

Mary Beard's by now famous blog A Don's Life has been running on the TLS website for nearly three years. In it she has made her name as a wickedly subversive commentator on the world in which we live. Her central themes are the classics, universities and teaching -- and much else besides. What are academics for? Who was the first African Roman emperor? Looting -- ancient and modern. Are modern exams easier? Keep lesbos for the lesbians. Did St Valentine exist? What made the Romans laugh? That is just a small taste of this selection (and some of the choicer responses) which will inform, occasionally provoke and cannot fail to entertain.
