She dreams in bright, vivid images of the characters intent on taking over her writing life, and fights a constant battle to put them on the hard drive of her computer before they can disappear as fast as they appeared. Lora's family and her writing life coexist, if not in harmony, in relative peace with each other. Surrounded by a menagerie of pets, friends, and a teenage son who keeps her quick wit engaged, Lora finds her life filled with joys, aided by her fans whose hearts remind her daily why she writes.

Mathews uses a limited definition of paranormal, and examines works set, for the most part, in a relatively realistic modern world inhabited by both humans and paranormal beings.

The Breed world will be rocked to its foundation as dangerous secrets are revealed.

For Noble, it's brought out the mating heat, and Hayley's more than willing to stoke it. Finally, in Primal Kiss, drawn into shady activities involving the Breeds, Kita Engalls finds herself unable to trust anyone at all.
