A call to action from Jane Fonda, one of the most inspiring activists of our time, urging us to wake up to the looming disaster of climate change and equipping us with the tools we need to join her in protest In 2019, daunted by the looming disaster of climate change and inspired by Greta Thunberg, Naomi Klein, and student climate strikers, Jane Fonda asked herself one question: What can I do? Changing Fire Drill Fridays, Fonda teamed up with Greenpeace, leading climate scientists, and community organizers not only to understand what's at stake, but to equip all of us with the education and tools we need to join her in protest. What Can I Do? isn't a wish list—it's a to-do list. So many of us recognize the urgency in stemming the tide of climate change but aren't sure where to start. Our window of opportunity to act is quickly closing. And it isn't only Earth's life-support systems that are unraveling, so too is our social fabric. Your beliefs are merely habitual

thinking patterns that you learned
