This grim knowledge hung over George Wilson, the author of IF YOU SURVIVE, from the moment he landed in Normandy in July of 1944, and it followed him until the end of the war. It would be a mistake, however, to assume that Wilson beat the odds just because he lived to tell his tale: this is a man who paid full homage to the grim logic of war.

~~If You Survive: From Normandy to the Battle of the Bulge ...~~

IF YOU SURVIVE is a narrative written in a plain but entertaining style, and there are numerous images which stand out in my mind: the night in Normandy his position was bombed by the Luftwaffe, his disgusted reaction to the mounds of German corpses he saw rotting in the Falaise Pocket, the time he was almost refused entry to a snobby officer's restaurant in Paris because he was still wearing ...

"If you survive your first day, I'll promote you." So promised George Wilson's World War II commanding officer in the hedgerows of Normandy -- and it was to be a promise dramatically fulfilled. From July, 1944, to the closing days of the war, from the first penetration of the Siegfried Line to the Nazis' last desperate charge in the Battle of the Bulge, Wilson fought in the thickest of the action, helping take the small towns of northern France and Belgium building by building. Of all the men and officers who started out in Company F of the 4th Infantry Division with him, Wilson was the only one who finished. In the end, he felt not like a conqueror or a victor, but an exhausted survivor, left with nothing but his life -- and his emotions. If You Survive One of the great first-person accounts of the making of a combat veteran, in the last, most violent months of World War II.

The author describes his experiences in World War II from basic training to the Battle of the Bulge and shares his observations on war

Traces the achievements of the World War II regiments under Felix Sparks, documenting their clashes with Hitler's elite troops in Sicily and Alerno and their heroic liberation of the Dachau concentration camp. By the best-selling author of The Bedford Boys. 60,000 first printing.

expiring Third Reich, offering an insightful and detailed account of his experiences under fire. Reissue.

This installment in the New York Times bestselling I Survived series from Lauren Tarshis shines a spotlight on the Normandy landings, just in time for the 75th anniversary of D-Day!

From Stephen E. Ambrose, bestselling author of Band of Brothers and D-Day, the inspiring story of the ordinary men of the U.S. army in northwest Europe from the day after D-Day until the end of the bitterest days of World War II. In this riveting account, historian Stephen E. Ambrose continues where he left off in his #1 bestseller D-Day. Citizen Soldiers opens at 0001 hours, June 7, 1944, on the Normandy beaches, and ends at 0245 hours, May 7, 1945, with the allied victory. It is biography of the US Army in the European Theater of Operations, and Ambrose again follows the individual characters of this noble, brutal, and tragic war. From the high command down to the ordinary soldier, Ambrose draws on hundreds of interviews to re-create the war experience with startling clarity and immediacy. From the hedgerows of Normandy to the overrunning of Germany, Ambrose tells the real story of World War II from the perspective of the men and women who fought it.

A rediscovered classic memoir of World War II

Includes 100 illus. Speak of the Huertgen Forest and you speak of hell. During a seemingly interminable three months, from mid-Sep. to mid-Dec. 1944, six American infantry divisions-the 1st, 4th, 8th, 9th, 28th, and 83d-and part of the 5th Armored fought at one time or another in the Huertgen Forest. These divisions incurred 28,000 casualties, including 8,000 due to combat exhaustion and rain, mud, sleet, and cold. One division lost more than 6,000, a figure exceeded for a single World War II engagement-if indeed it was exceeded-only by the bloody Marine battle on Tarawa. The name Huertgen Forest is one the American soldier applied to some 1,300 square miles of densely-wooded, roller-coaster real estate along the German-Belgian border south and southeast of Aachen....The forest lay athwart the path which the First U.S. Army had to take to reach the Rhine River, and thus American commanders considered it essential to conquer it. By the time both American and German artillery had done with it, the setting would look like a battlefield designed by the Archfiend himself. The Huertgen was the Argonne of World War II. One day not long ago another personal manuscript, much of it about the Huertgen fighting, crossed my desk. This one, I soon discovered, was different. This was a lengthy narrative written by a former lieutenant, Paul Boesch. It was obviously too long for publication, yet the combat sections of it revealed a genuine, first-hand grasp of what war is like at the shooting level and what it does to the men involved. It was too human a document to be ignored. It too faithfully mirrored the experiences, not of one man alone, but of millions, to go unnoticed. It too sharply underscored the innate faith, humor, devotion, and even the weaknesses of the American soldier to be forgotten. With Paul Boesch's permission I went to work with him to prepare this combat portion of his manuscript for publication. The result is The Road to Huertgen.

Original publication and copyright date: 2007.

Basing this compelling war memoir on his original World War II diary, Pfc. Richard D. Courtney tells what it was like to be a combat infantryman in the greatest and most destructive war in history. Courtney relates a true first-person account of his travels across Europe as a front line soldier with the 26th Division of General Patton's Third Army.
