Where To Download Im Learning Japanese A Language Adventure For Young People

The book starts out with the main characters, Emily, Nico and Teo sitting on the grass after school, minding their own business, when—unbelievable!—a giant talking fox dressed in a kimono appears. Explaining that he knows magic, speaks 3,000 languages and is respected as a sensei (master), he wonders if the three kids are ready to learn Japanese from him. During the next 128 amusing pages, the three friends learn to speak Japanese, read Japanese and write Japanese...along with taking breaks to try Japanese hot-spring baths, sumo wrestling, Zen meditation and more. Focusing on exactly what the 9 to 13-year-old learner wants to know, this book is carefully set up to allow them to learn Japanese independently, at their own speed, without an adult's help. Every page of *I'm Learning Japanese!* is in full color and the illustrated comic book-approach, with its speech bubbles and funny side remarks, makes the learning seem to fly. It gives preteens a fun grounding in the language and one that's accurate and practical. Nothing they learn here is "watered down" or will ever need to be unlearned, should they continue on with their Japanese language studies in school or later in life.

Emily, Nico and Teo are sitting on the grass after school, minding their own business, when -- unbelievable! -- a giant talking fox dressed in a kimono appears. Explaining that he knows magic, speaks 3,000 languages and is respected as a sensei (master), he wonders if the three kids are ready to learn Japanese from him.

An accessible introduction to the rich language and culture of Japan, this tote-able Japanese language collection makes an artful addition to any library, as well as an ideal travel primer and companion for aspiring Japanese speakers. Pairing words and characters with whimsical illustrations, each section features examples of word pronunciation, the three main Japanese writing systems (kanji, hiragana, and

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

This is a book about the structure, history and evolution of the Japanese language. The Japanese Language is a classic study of one of the world's most widely used but least understood languages. Emphasizing the richness and complexity of Japanese as well as its limitations, this fine book provides a lively discussion about the uniqueness of the Japanese language. The relationship of Japanese to other

Where To Download Im Learning Japanese A Language Adventure For Young People

languages is not well understood even by native speakers, and Professor Kindaichi sets out to define it. He concludes that Japanese is indeed only remotely related to other world languages although it shares many features in common with the languages of mainland Asia. Japanese shares with those languages a rich and detailed vocabulary for natural phenomena and an unusually complex and accurate way of expressing social relationships. Moreover, its capability to absorb innovations from abroad easily matches or exceeds that of English or German. The author, after briefly discussing the unique isolation of the Japanese language, moves on to consider the varieties of ordinary speech—dialects, jargon, sex—and role-based distinctions, and the difference between informal, formal, and literary language. He then examines the structure of Japanese pronunciations, its rhythm, and accent. The longest section of the book is devoted to the variety of the vocabulary, what can and cannot be said in Japanese. Readers who are just beginning their own study of Japanese will find this section especially fascinating, for each point is backed by examples from literature and everyday speech. Kindaichi also investigates the so-called vagueness of Japanese and traces it to its source—the unusual sentence order. This book includes: The highly debated origins of the Japanese language. Dialects, jargon, sex and role-based distinctions. Differences between informal, formal, and literary language. Structure, rhythm, and accent of pronunciation. What can and cannot be said in Japanese.

Are you traveling to Japan for business or leisure? Or perhaps you have always wanted to learn Japanese and just never knew where to start? If you have been looking for a comprehensive, easy-to-understand resource to teach you Japanese from scratch, look no further. Rather than buying several different resources to teach you the various aspects of the language, we present to you the all-in-one, Japanese Language Book for Beginners. If you are used to language books which provide you with only basic

Where To Download Im Learning Japanese A Language Adventure For Young People

phrases, the Japanese Language Book for Beginners goes way beyond that. Whether you are looking to facilitate your holiday plans, have basic business conversations or simply increase your knowledge of the language, this book is the resource for you. After reading this book you will be hard-pressed to find a situation that you cannot navigate in Japanese. Inside Japanese Language Book for Beginners, you can look forward to unlocking: Basic Japanese including greetings, introductions and apologies with proper pronunciation and grammar Ordering food in a restaurant and making sure that you actually get what you asked for! Navigating public transport and common phrases required to safely find your way around Situational Japanese including emergency assistance, speaking to taxi drivers, and checking into hotels As an additional bonus, the book also includes a section with a full explanation of the several common Japanese writing systems including hiragana, katakana and kanji, so that you can not only learn to speak the language but also identify road and directional signs. Add this book to your cart now and get ready to say "Konnichiwa" to a whole new world!
