| <div><div></div><div>Love and Other Impossible Pursuits - Wikipedia</div></div> |
| Love and Other Impossible Pursuits is a novel I wish I had loved. I have deep respect for the author, for being brave and controversial, for voicing her own view on parenting/step-parenting in a culture that sadly is still so hypocritical when it comes to these topics. I also appreciate a story written from a flawed character's point of view. Not because Emilia Greenleaf is the proverbial ... |

Another semi-random library choice, "Love and Other Impossible Pursuits" by Ayelet Waldman served in part as an exercise in voyeurism: I just wanted to see if Michael Chabon's wife was as gifted a writer as he. The answer to that is a resounding NO, but she's not exactly talentless, either.

| <div><div></div><div>In this moving, wry, and candid novel, widely acclaimed novelist Ayelet Waldman takes us through one woman’s passage through love, loss, and the strange absurdities of modern life.Emilia Greenleaf believed that she had found her soulmate, the man she was meant to spend her life with. But life seems a lot less rosy when Emilia has to deal with the most neurotic and sheltered five-year-old in New York City: her new stepson William. Now Emilia finds herself trying to flag down taxis with a giant, industrial-strength car seat, looking for perfect, strawberry-flavored, lactose-free cupcakes, receiving corrections on her French pronunciation from her supercilious stepson – and attempting to find balance in a new family that’s both larger, and smaller, than she bargained for. In Love and Other Impossible Pursuits Ayelet Waldman has created a novel rich with humor and truth, perfectly characterizing one woman’s search for answers in a crazily uncertain world.</div></div> |

| Waldman’s provocative new novel—now in paperback—provides an emotionally gripping, unflinchingly honest look at what it’s like to live and love in the real world. |

| |
|---|
| <div><div></div><div>As lyrical as a sonata, Ayelet Waldman’s follow-up novel to Love and Other Impossible Pursuits explores the aftermath of a family tragedy. Set on the coast of Maine over the course of four summers, Red Hook Road tells the story of two families, the Tetherlys and the Copakens, and of the ways in which their lives are unraveled and stitched together by misfortune, by good intentions and failure, and by love and calamity. A marriage collapses under the strain of a daughter’s death; two bereaved siblings find comfort in one another; and an adopted young girl breathes new life into her family with her prodigious talent for the violin. As she writes with obvious affection for these unforgettable characters, Ayelet Waldman skillfully interweaves life’s finer pleasures—music and literature—with the more mundane joys of living. Within these resonant pages, a vase filled with wildflowers or a cold beer on a hot summer day serve as constant reminders that it’s often the little things that make life so precious.</div></div> |
| A spellbinding new novel of contraband masterpieces, tragic love, and the unexpected legacies of forgotten crimes, Ayelet Waldman’s Love and Treasure weaves a tale around the fascinating, true history of the Hungarian Gold Train in the Second World War. In 1945 on the outskirts of Salzburg, victorious American soldiers capture a train filled with unspeakable riches: piles of fine gold watches; mountains of fur coats; crates filled with wedding rings, silver picture frames, family heirlooms, and Shabbat candlesicks passed down through generations. Jack Wiseman, a tough, smart New York Jew, is the lieutenant charged with guarding this treasure—a responsibility that grows more complicated when he meets Iona, a fierce, beautiful Hungarian who has lost everything in the ravages of the Holocaust. Seventy years later, amid the shadow world of art dealers who profit off the sins of previous generations, Jack gives a necklace to his granddaughter, Natalie Stein, and charges her with searching for an unknown woman—a woman whose portrait and fate come to haunt Natalie, a woman whose secret may help Natalie to understand the guilt her grandfather will take to his grave and to find a way out of the mess she has made of her own life. A story of brilliantly drawn characters—a suave and shady art historian, a delusive and infatuated Freudian, a family of singing circus dwarfs fallen into the clutches of Josef Mengele, and desperate lovers facing choices that will tear them apart—Love and Treasure is Ayelet Waldman’s finest novel to date: a sad, funny, richly detailed work that poses hard questions about the value of precious things in a time when life itself has no value, and about the slenderest of chains that can bind us to the griefs and passions of the past. This eBook edition includes a Reading Group Guide. |

| <div><div></div><div>How much would you sacrifice to save someone you love? When Olivia, wild-haired and headstrong, makes a terrible mistake, she must turn to the person least likely to help—her mother, Elaine. Motherhood was a role that Elaine never embraced and her best never amounted to much. But now Olivia faces prosecution for a naïve connection to a drug deal and she needs Elaine more than ever. As the days count down and Olivia’s future hangs in the balance, Elaine must decide just how much she is willing to give for a second chance with her daughter. With Daughter’s Keeper, Ayelet Waldman has crafted a redemptive journey at once highly emotional and unbearably suspenseful, as Olivia and Elaine’s struggle builds to a beautiful, heart-wrenching climax. In this luminous, gripping novel, Waldman brings to life the tensions and the tenderness that forge the unshakable bond between parent and child. Daughter’s Keeper reveals the unlimited boundaries of forgiveness and the sacrifices we make for love. “A powerhouse novel of complex emotions so compelling that when I finished the book, I started over again.”--Amy Tan "In Daughter’s Keeper, Ayelet Waldman shows that the power of love, even when prickling with thorns, can ultimately provide what the criminal system cannot: a hard-fought, hard-won second chance.”--Glen David Gold, author of Carter Beats the Devil "Waldman’s passion and affection for her characters shine through.”--Publishers Weekly "Waldman has written Daughter’s Keeper with enough intelligence, tenderness and craft to shape outrage into a story that is both moving and enthralling.” --Dave Eggers, author of A Heartbreaking Work of Staggering Genius and You Shall Know Our Velocity! "Ayelet Waldman has brought the war on drugs home, and has shown us just how close to home it can come....She looks past headlines and into the heart. What she finds there is hope for us all.” --Dorothy Allison, author of Bastard Out of Carolina</div></div> |
| In our mothers' day there were good mothers, indifferent mothers, and occasionally, great mothers. Today we have only Bad Mothers: If you work, you're neglectful; if you stay home, you're smothering. If you discipline, you're buying them a spot on the shrink's couch; if you let them run wild, they will be into drugs by seventh grade. Is it any wonder so many women refer to themselves at one time or another as a "bad mother"?' Writing with remarkable candor, and dispensing much hilarious and helpful advice along the way—is breast best? What should you do when your daughter dresses up as a "ho" for Halloween?—Ayelet Waldman says it's time for women to get over it and get on with it in this wry, unflinchingly honest, and always insightful memoir on modern motherhood. |

| <div><div></div><div>The true story of how a renowned writer’s struggle with mood storms led her to try a remedy as drastic as it is forbidden: microdoses of LSD. Her revealing, fascinating journey provides a window into one family and the complex world of a once-infamous drug seen through new eyes. When a small vial arrives in her mailbox from "Lewis Carroll," Ayelet Waldman is at a low point. Her moods have become intolerably severe; she has tried nearly every medication possible; her husband and children are suffering with her. So she opens the vial, places two drops on her tongue, and joins the ranks of an underground but increasingly vocal group of scientists and civilians successfully using therapeutic microdoses of LSD. As Waldman charts her experience over the course of a month--bursts of productivity, sleepless nights, a newfound sense of equanimity--she also explores the history and mythology of LSD, the cutting-edge research into the drug, and the byzantine policies that control it. Drawing on her experience as a federal public defender, and as the mother of teenagers, and her research into the therapeutic value of psychedelics, Waldman has produced a book that is eye-opening, often hilarious, and utterly enthralling.</div></div> |
| Smart, witty mystery from the author of Bad Mother and Love and Treasure...“Juliet Applebaum is smart, fearless, and completely candid about life as a full-time mom with a penchant for part-time detective work.”—Sue Grafton Ever since her four-month-old son was born, Juliet hasn’t slept for more than fifteen minutes at a stretch. (Has she given birth to some sort of mutant vampire? She’s beginning to wonder.) It’s been ages since she took her three-year-old daughter to the park. (Just one more reason why she’s a front-runner for the “Worst Mother of the Year” award.) Her workaholic husband is spending way too much time with his perky, oh-so-pretty producing partner. (Juliet’s sure her own post-pregnancy pounds are at least partly to blame.) She’s started answering the door topless. (Don’t even ask.) And now her son’s babysitter—a beautiful young Chasidic woman—has vanished. Juliet can’t help wondering if Fraydle was fleeing something even scarier than her screaming, squalling charge. Like her upcoming arranged marriage, maybe? It’s certainly possible. Especially since Juliet saw her furtively chatting with a non-Chasidic man shortly before she disappeared. Or perhaps something much more sinister has occurred. Why else would Fraydle’s family be so reluctant to call in the police? To find out the truth, Juliet, with her over-tired kids in tow, will have to travel from her havoc-filled home in Los Angeles to a Chasidic enclave in Brooklyn. In search of answers. In pursuit of justice. And in desperate need of a big, long nap... Ayelet Waldman is the author of Love and Other Impossible Pursuits and other acclaimed works of both fiction and nonfiction, as well as the Mommy-Track Mysteries, including such titles as Nursery Crimes and A Playdate with Death. |
