without money or
products. So this
obviously is about
making profits on eBay
and Amazon but without
any funds or products. I
saw people make a lot of
money on eBay and
Amazon, and I kept
asking; "how did they do
that?" "How did they get
the products in the first
place?" "How did they

have the funds?" "How
can they have all those
products up-front?" And
so is this one In this

book, I will show you the
all the tools that I use, the
majority of them are free,
so no cost. There's one
tool that I'd like to
explain that does cost,
and I will be probably up
front about that, and
explain how much it
costs. I will explain drop-

shipping, which is the traditional method within eBay and

Amazon. But I will show you the method that I use that's sort of a high-bred drop-shipping. Finally, I will explain the [drum roll please] master plan.

You can keep this system ticking over month after month in your spare time and make some pocket money! And that's fine,

because it does involve
some time. Or you can
really step this up big
time and spend several
hours a week and
probably make close to, if
not exceeding, your full

You will discover the

most of these are free)

You will learn my twist
on drop-shipping that
means you never have to
worry about returns or

You will know at the end
of the book how to

Above all you will learn
how to have a passive
income without having
any products to sell or

thriving business, while others barely scrape by? Many times, I've watched two sellers as they are first starting out on eBay.

Both sellers offer the exact same products and prices, yet one business skyrockets to the top of the charts selling thousands of items per month. The other business struggles to sell ten or fifteen items per

month. They might even have the same basic look to their listings. On the face of it, it doesn't make sense. Why does one eBay seller prosper, while another falls behind? Is it a matter of luck? Does one eBay seller catch all of the breaks, while another is stuck holding doo doo? Believe it or not, many struggling sellers believe this. They
