This assessment corresponds with the third grade Macmillan McGraw-Hill Timelinks Communities book. It requires both implicit and explicit thinking which helps with the ELA standards that are to be met on the PARCC test. *Third Grade Stars *Third grade assessments *PARCC preparation *Common Core a

Inspire Science 2.0 science handbook is an easy-to-use research and reference tool covering all core science topics which teaches students research and cross-referencing skills.

Reading Essentials provides an ‘interactive’ reading experience to improve student comprehension of science content. It makes lesson content more accessible to struggling students and supports goals for differentiated instruction. Students can highlight text and take notes right in the book!

Fourth grade textbook includes units for life science, earth science, and physical science.

All the Math Your 4th Grader Needs to Succeed This book will help your elementary school student develop the math skills needed to succeed in the classroom and on standardized tests. The user-friendly, full-color pages are filled to the brim with engaging activities for maximum educational value. The book includes easy-to-follow instructions, helpful examples, and tons of practice problems to help students master each concept, sharpen their problem-solving skills, and build confidence. Features include: • A guide that outlines national standards for Grade 4 • Concise lessons combined with lot of practice that promote better scores—in class and on achievement tests • A pretest to help identify areas where students need more work • End-of-chapter tests to measure students’ progress • A helpful glossary of key terms used in the book • More than 1,000 math problems with answers Topics covered: • Adding and subtracting • Multiplying and dividing • 2-, 3-, and 4-digit numbers • Rounding and estimating • Prime numbers, factors, and multiples • Operations with fractions and mixed numbers • Decimals • Customary and metric units of measure • Lines, angles, triangles, quadrilaterals, and circles • Perimeter and area • Data line plots • Word problems • Multistep problems and variables

Concise and focused, the Wonders Reading/Writing Workshop is a powerful instructional tool that provides students with systematic support for the close reading of complex text. Introduce the week’s concept with video, photograph, interactive graphic organizers, and more Teach through mini lessons that reinforce comprehension strategies and skills, genre, and vocabulary Model elements of close reading with shared, short-text reads of high interest and grade-level rigor
