Robert J. Crane: Omega

The Omegaverse is an alternate universe following the hierarchy of wolves. That is to say, the alpha, beta, and omega. This system is what also gives it the name "omegaverse" as well as the short term A/B/O. Commonly, in fics with this universe, you see these three types. But some exclude the beta and this results in the A/O universe arc.

The Unofficial Guide To The Omegaverse - Basic Explanation ...

A confident and capable male that doesn't seek approval or abide by social hierarchy. He sets his own goals, and defines his own success.

Urban Dictionary: Omega Male

Kathy Kleiner was a member of Chi Omega and living in the sorority in 1978. She said her parents felt that her living at the sorority house was "much safer" than living in the university ' s dormitories. "Being in Chi Omega was a wonderful part of my life.... It would be like having 40 sisters," said Karen Chandler, Kleiner ' s roommate.

Similar to a Beta female, an Omega woman also has an introverted mind and limited social skills. They are usually the weird ones and the ones who stand out from the crowd. This is a girl who doesn ' t socialize much. Instead, she usually has a small circle of friends whom she trusts unconditionally and whom she can always rely on.

From Million-Selling Author Robert J. Crane...Her mother is missing. A psychotic beast is stalking her. How will she escape?AloneSienna Nealon was a 17 year-old girl who had been held prisoner in her own house by her mother for twelve years. Then one day her mother vanished, and Sienna woke up to find two strange men in her home. On the run, unsure of who to turn to and discovering she possesses mysterious powers, Sienna finds herself pursued by a shadowy agency known as the Directorate and hunted by a vicious, bloodthirsty psychopath named Wolfe, each of which is determined to capture her for their own purposes...UntouchedStill haunted by her last encounter with Wolfe and searching for her mother, Sienna Nealon must put aside her personal struggles when a new threat emerges

Shailyn knew living in a small town would be different than the city she grew up in, but she didn ' t realize how difficult it was going to be. The Alphas there didn ' t believe in suppressants, and they prevent her from ordering more so she wouldn ' t infect the other omegas with her progressive thinking. She wouldn ' t let their outdated views suppress her right to choose, but it left her with no option but to go back to the city for more. Alone.

The first middle grade novel in an exciting new series from acclaimed author Diana Peterfreund, perfect for fans of The Goonies and The City of Ember. Gillian Seagret doesn't listen to people who say her father's a crackpot. His conspiracy theories about the lost technology of Cold War – era rocket scientist Dr. Aloysius Underberg may have cost him his job and forced them to move to the middle of nowhere, but Gillian knows he's right and plans to prove it. When she discovers a missing page from Dr. Underberg's diary in her father's mess of an office, she thinks she's found a big piece of the puzzle—a space-themed riddle promising to lead to Dr. Underberg's greatest invention. Enlisting the help of her skeptical younger brother, Eric, her best friend, Savannah, and Howard, their NASA-obsessed schoolmate, Gillian sets off on a journey into the ruins of Omega City, a vast doomsday bunker deep inside the earth... But they aren't alone inside its dark and flooded halls. For while Gillian wants to save her dad's reputation by bringing Dr. Underberg's secrets to light, there are others who will stop at nothing to make sure they stay buried . . . forever.

Omega's hunted Sienna Nealon since the day she first left her house, and killed countless Directorate agents and operatives. Unveiling their new plot to infiltrate the Directorate, Sienna must track and confront her enemy before they destroy the Directorate forever.

Beth This workplace meeting just got hot. Beth is in the middle of an important meeting at OAN Global Tech when her heat suppressants fail. She's hidden her omega status for years only for them to stop working at the absolute worst possible time. When her Alpha boss takes her hostage it's up to the head of security, Finn, and his beta lover and second-in-command, Holden, to defuse the situation. The problem? She really likes the way they smell. Both of them. Finn & Holden Their love was forged in fire, bloodshed, and tears. After surviving their stint in the military and capture by the Theta-Dev aliens, both Finn and Holden have settled down into civilian life. In between alien attacks, everything is great. They have each other, their friends, and their work at OAN, but then they answer a security alert and find more than they'd expected. The woman they're sent to rescue isn't a beta like her file says. She's an omega, and she's in heat. Beautiful, sweet, delicious Beth. She fits between them perfectly, all soft curves and fertile omega. Is it possible to take something amazing and turn it into perfection? _____ Omega Revealed is a 63K Sci-Fi omegaverse romance novel. There are MF, MM, and MMF scenes inside. It is the first book of the Omegas of OAN series, however, it can also be read as a standalone. The Omegas of OAN books are 100% Alphafree and always feature consent. There's zero cheating and a HFN/HEA ending is always guaranteed.

Mated werewolves Charles Cormick and Anna Latham must discover what could make an entire community disappear—before it's too late—in this thrilling entry in the #1 New York Times bestselling Alpha and Omega series. In the wilds of the Northern California mountains, all the inhabitants of a small town have gone missing. It's as if the people picked up and left their possessions behind. With a mystery on their hands and no jurisdiction on private property, the FBI dumps the whole problem in the lap of the land owner, Aspen Creek, Inc.--aka the business organization of the Marrok's pack. Somehow, the pack of the Wolf Who Rules is connected to a group of vanished people. Werewolves Charles Cormick and Anna Latham are tasked with investigating, and soon find that a deserted town is the least of the challenges they face. Death sings in the forest, and when it calls, Charles and Anna must answer. Something has awakened in the heart of the California mountains, something old and dangerous--and it has met werewolves before.

"A spellbinding adventure! YA Omegaverse done to utter perfection. I want more, and I want it now!" -Addison Cain, USA TODAY bestselling author Drawing, my online clan, and planning my escape from my mother-these are priorities. Or, at least they were, until three huge alien males came to abduct me and take me to their planet. But it's not just a simple process of probing and then releasing me back to Earth. All those movies are lies. These three males keep me. And I'm suddenly a cadet at an Omega Academy where I'm supposed to learn how to serve the Greтар Fleet. None of this makes any sense to begin with, nevermind the three Alphas I can't seem to avoid. But they say we have a connection, that we're a circle, whatever that means. And my body seems to agree, because anytime they're near, I can't seem to think of anything except Kyte's horns, Jeren's smirk, and Ceresde's long, hard ... sword. Focusing on class is almost impossible, and the Omega Academy isn't for the faint of heart. I have to learn who my enemies are, how to make friends, and how I fit with the three Alphas I can't stop thinking about. All doable, right? No. Not right, especially when I discover the fleet has other plans for me. The bond with my three Alphas may be the only thing that can keep me safe, but that means we need to consummate our circle. Yeah, you read that right, consummate. Deep. Breaths.Lily's Note: Omega Academy is the first book in a trilogy and ends on a cliff.

Told with P. D. James's trademark suspense, insightful characterization, and riveting storytelling, The Children of Men is a story of a world with no children and no future. The human race has become infertile, and the last generation to be born is now adult. Civilization itself is crumbling as suicide and despair become commonplace. Oxford historian Theodore Faron, apathetic toward a future without a future, spends most of his time reminiscing. Then he is approached by Julian, a bright, attractive woman who wants him to help get her an audience with his cousin, the powerful Warden of England. She and her band of unlikely revolutionaries may just awaken his desire to live . . . and they may also hold the key to survival for the human race.

Mad Max meets X-Men in this razor-sharp new dystopian novella by the Philip K Dick award nominated author of Velocity Weapon. It doesn't matter what you call her. Riley. Burner. She forgot her name long ago. But if you steal from the supply lines crossing the wasteland, her face is the last one you'll see. She is the force of nature that keeps the balance in the hot arid desert. Keep to yourself and she'll leave you well enough alone. But it's when you try to take more than you can chew that her employers notice and send her off to restore the balance. Then she gets the latest call. A supply truck knocked over too cleanly. Too precise. And the bodies scattering the wreckage weren't killed by her normal prey of scavengers. These bodies are already rotting hours after the attack. Cowering in the corner of the wreckage is a young girl. A girl that shouldn't be there. A girl with violently blue eyes. Just like hers.

This is a classic science fiction novel by Robert Sheckley, a Hugo and Nebula Award nominated author. This story follows Will Barnett, a man convicted of a crime on Earth, who is memory-washed and sentenced to a prison term on the planet Omega, from which there is seemingly no escape. However, he does return to Earth and finds it full of subtle terrors more insidious than those of the ruthless prison planet he left behind This work is part of our Vintage Sci-Fi Classics Series, a series in which we are republishing some of the best stories in the genre by some of its most acclaimed authors, such as Isaac Asimov, Marion Zimmer Bradley, and Robert Sheckley. Each publication is complete with a short introduction to the history of science fiction.
