he's not scared at all. "Looks easy," says Jabari, watching the other kids take their turns. But when his dad squeezes his hand, Jabari squeezes back. He needs to figure out what kind of special jump to do anyway, and he should probably do some stretches before climbing up onto the diving board. In a sweetly appealing tale of overcoming your fears, newcomer Gaia Cornwall captures a moment between a patient and encouraging father and a determined little boy you can't help but root for.

Twelve people set aside their fears and ride a roller coaster, including one who has never done so before.

A grandfather and grandson share a special love Zach and his grandpa love all of the same things . . . except the roller coaster. His grandpa once rode it one hundred times! But Zach doesn't like the roller coaster. So when Grandpa goes on it every summer, Zach goes on the Big wheel with Grandma. She understands. But one summer, Grandma is gone and Grandpa is not the same. He misses her terribly. So does Zach. But he also wants his grandpa to be happy again. What will it take? Maybe a ride on the roller coaster? Heart-warming and uplifting, here is a story for every family that loves and cares for one another.

function. The book is based on the premise that teaching is not just about the transmission of academic knowledge but also about inspiring students, building rapport with them, creating relationships based on empathy and trust, being patient and most importantly controlling one's own emotions and being able to influence students' emotions in a positive way. The book covers a range of emotion-related topics on both positive and negative emotions which are relevant to language teaching including emotional labour, burnout, emotion regulation, resilience, emotional intelligence and wellbeing among others. These topics are studied within a wide range of contexts such as teacher education programmes, tertiary education, CLIL and action research settings, and primary and secondary schools across different countries. The book will appeal to any student, researcher, teacher or policymaker who is interested in research on the psychological aspects of foreign language teaching.

"A riveting account that reaches beyond the market landscape to say something universal about risk and triumph, about hubris and failure."—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUSINESSWEEK In this business classic—now with a new Afterword in which the author draws parallels to the recent financial crisis—Roger Lowenstein captures the gripping roller-coaster ride of Long-Term Capital Management. Drawing on confidential internal memos and interviews with dozens of key players, Lowenstein explains not just how the fund made and

Download File PDF Paper Roller Coaster Template

lost its money but also how the personalities of Long-Term's partners, the arrogance of their mathematical certainties, and the culture of Wall Street itself contributed to both their rise and their fall. When it was founded in 1993, Long-Term was hailed as the most impressive hedge fund in history. But after four years in which the firm dazzled Wall Street as a \$100 billion moneymaking juggernaut, it suddenly suffered catastrophic losses that jeopardized not only the biggest banks on Wall Street but the stability of the financial system itself. The dramatic story of Long-Term's fall is now a chilling harbinger of the crisis that would strike all of Wall Street, from Lehman Brothers to AIG, a decade later. In his new Afterword, Lowenstein shows that LTCM's implosion should be seen not as a one-off drama but as a template for market meltdowns in an age of instability—and as a wake-up call that Wall Street and government alike tragically ignored. Praise for *When Genius Failed* “[Roger] Lowenstein has written a squalid and fascinating tale of world-class greed and, above all, hubris.”—*BusinessWeek* “Compelling . . . The fund was long cloaked in secrecy, making the story of its rise . . . and its ultimate destruction that much more fascinating.”—*The Washington Post* “Story-telling journalism at its best.”—*The Economist*
