Other equipment cited included regularly microwaves juicers & blenders - not child led. Other safety concerns I have is the unclear nature of instruction...often stating in bold "never let a child use an adult knife" but then listing serrated dinner knife as required equipment for child's own usage, made safe by taping to identify the handle end.

Pretend Soup & Other Real Recipes A Cookbook for Preschoolers & Up Book Review This is the greatest pdf i actually have go through right up until now. It is actually packed with knowledge and wisdom I found out this book from my dad and i advised this publication to find out.

The follow-up to Pretend Soup cooks up twenty new vegetarian recipes that kids six and under can prepare themselves with a little help from their adult assistant, and includes kitchen tips and safety rules.

Provides step-by-step instructions for a variety of recipes, arranged in such categories as "Breakfast Specials," "Soups, Sandwiches & Salads for Lunch or Supper," and "Desserts and a Few Baked Things."

The Moosewood Cookbook has inspired generations to cook simple, healthy, and seasonal food. A classic listed as one of the top ten best-selling cookbooks of all time by the New York Times, this 40th anniversary edition of Mollie Katzen's seminal book will be a treasured addition to the cookbook libraries of fans young and old. In 1974, Mollie Katzen hand-wrote, illustrated, and locally published a spiral-bound notebook of recipes for vegetarian dishes inspired by those she and fellow cooks served at their small restaurant co-op in Ithaca, NY. Several iterations and millions of copies later, the Moosewood Cookbook has become one of the most influential and beloved cookbooks of all time—inducted into the James Beard Award Cookbook Hall of Fame, and coined a Cookbook Classic by the International Association of Culinary Professionals. Mollie ' s Moosewood Cookbook has inspired generations to fall in love with plant-based home cooking, and, on the fortieth anniversary of that initial booklet, continues to be a seminal, timely, and wholly personal work. With a new introduction by Mollie, this commemorative edition will be a cornerstone for any cookbook collection that long-time fans and those just discovering Moosewood will treasure.

What more can we say about this bestseller from Mollie Katzen (Moosewood Cookbook, Enchanted Broccoli Forest, Still Life with Menu) and educator Ann Henderson? A Children's Book of the Month Club Selection! Starred review -- School Library Journal! "An unusually accessible, attractive, process-oriented cookbook for preschoolers...with imaginative and appealing recipes". -- Horn Book

Get Cooking is the first in a series of cookbooks geared toward beginners by Mollie Katzen, the author of the bestselling Moosewood Cookbook. Here are 125 foolproof , basic recipes for soups, homemade pasta, roast chicken, burgers, vegan specialties, chocolate chip cookies—and more—that anyone can enjoy making, no matter how inexperienced they are in the kitchen.

This is a no-nonsense, no-frills cookbook written with boys in mind. It contains recipes for complete beginner and budding chefs alike, from making toast and boiling an egg to roasting chicken and baking muffins. Recipes include sandwiches, burgers, pasta, curry apple pie and smoothies.

From the dream team of Dr. Walter C. Willett, bestselling author of Eat, Drink and Be Healthy, and Mollie Katzen, author of the four million-copy bestselling Moosewood Cookbook, comes a new approach to weight loss Eat, Drink, and Weigh Less offers a medically sound, extremely effective program that shows people how they can lose weight by adding delicious food to their diet and making simple changes in what they eat throughout the day. It's flexible and adaptable--and it really works. It features a powerful way to chart your progress called the Body Score. The more you raise your Body Score, the more you will lower your weight! A quiz at the beginning of the book helps readers determine their Body Score; the chapters that follow explain easy dietary and behavioral steps readers can take to improve their scores. While the concept is simple, the science behind it is not. It represents years of top research conducted by Dr. Walter C. Willett, the head of Harvard School of Public Health's Department of Nutrition, including the famous Nurses Health Study. This study scored each of its over 84,000 participants on food choices, exercise schedule, and body mass--resulting in a number that accurately determined the nurses risk of heart disease. Now, for the first time, Dr. Willett has teamed up with mega-bestselling cookbook author Mollie Katzen to adapt a similar, much easier scoring system to create a user-friendly diet plan with fail-safe results. If you can raise your score, you will lower your weight--all while eating delicious, easy-to-prepare foods.
