The prime time or the peak time is the block of broadcast programming taking place during the middle of the evening for television show. It is used by the major television networks to broadcast their season's nightly programming. The term prime time is often defined in terms of a fixed time period—for example (in the United States), from 8:00 p.m. to 11:00 p.m. (Eastern and Pacific Time) or 7 ...

British jazz is a form of music derived from American jazz. It reached Britain through recordings and performers who visited the country while it was a relatively new genre, soon after the end of World War I. Jazz began to be played by British musicians from the 1930s and on a widespread basis in the 1940s, often within dance bands. From the late 1940s British "modern jazz", highly influenced by ...

“Vitaly important, devastatingly thorough, and shockingly revealing.... After reading Primetime Propaganda, you'll never watch TV the same way again.” —Mark Levin Movie critic Michael Medved calls Ben Shapiro, “One of our most refreshing and insightful voices on the popular culture, as well as a conscience for his much-maligned generation.” With Primetime Propaganda, the syndicated columnist and bestselling author of Brainwashed, Porn Generation, and Project President tells the shocking true story of how the most powerful medium of mass communication in human history became a vehicle for spreading the radical agenda of the left side of the political spectrum. Similar to what Bernard Goldberg's Bias and A Slobbering Love Affair did for the liberal news machine, Shapiro's Primetime Propaganda is an essential exposé of corrupting media bias, pulling back the curtain on widespread and unrepentant abuses of the Hollywood entertainment industry.

A landmark study by the leading critic of African American film and television Primetime Blues is the first comprehensive history of African Americans on network television. Donald Bogle examines the stereotypes, which too often continue to march across the screen today, but also shows the ways in which television has been invigorated by extraordinary black performers, whose presence on the screen has been of great significance to the African American community. Bogle's exhaustive study moves from the postwar era of Beulah and Amos 'n' Andy to the politically restless sixties reflected in I

Spy and an edgy, ultra-hip program like Mod Squad. He examines the television of the seventies, when a nation still caught up in Vietnam and Watergate retreated into the ethnic humor of Sanford and Son and Good Times and the politically conservative eighties marked by the unexpected success of The Cosby Show and the emergence of deracialized characters on such dramatic series as L.A. Law. Finally, he turns a critical eye to the television landscape of the nineties, with shows such as The Fresh Prince of Bel Air, I'll Fly Away, ER, and The Steve Harvey Show. Note: The ebook edition does not include photos.

This adult literary postcyberpunk satire is the first novel by Rhysling Award-winning poet, writer and editor, David Memmott. At the watershed of human and post-human, in the clash between Dreamtime and Primetime, a gaggle of fractured heroes are caught up in a struggle between those yet to come and those waiting to come back. "Primetime gives us a future where the sun shines while mythologies and realities of past and future collide..." -- Ernest Hogan, author of High Aztech and Cortez on Jupiter "Move over Second Life" Primetime is here." -- Brian Evenson, author of The Open Curtain, 2006 International Horror Guild Award finalist

The Oscar-winning actress, fitness expert and political activist outlines a roadmap for seniors who are experiencing unprecedented rates of longevity, sharing practical advice on everything from fitness and sexuality to coming to terms with past mistakes and embracing a spiritual life.

Perfect for fans of Moneyball and The Book of Basketball, this vivid, thoroughly entertaining, and well-researched book explores the NBA's surge in popularity in the 1970s and 1980s and its transformation into a global cultural institution. Far beyond simply being a sports league, the NBA has become an entertainment and pop culture juggernaut. From all kinds of team logo merchandise to officially branded video games and players crossing over into reality television, film, fashion lines, and more, there is an inseparable line between sports and entertainment. But only four decades ago, this would have been unthinkable. Featuring writing that leaps off the page with energy and wit, journalist and basketball fan Pete Croatto takes us behind the scenes to the meetings that lead to the monumental American Basketball Association-National Basketball Association merger in 1976, revolutionizing the NBA's image. He pays homage to legendary talents including Julius "Dr. J" Erving, Magic Johnson, and Michael Jordan and reveals how two polar-opposite rookies, Larry Bird and Magic Johnson, led game attendance to skyrocket and racial lines to dissolve. Croatto also dives into CBS's personality-driven coverage of key players, as well as other cable television efforts, which launched NBA players into unprecedented celebrity status. Essential reading whether you're a casual or longtime fan, From Hang Time to Prime Time is an enthralling and entertaining celebration of basketball history.

A provocative look at the costs and benefits of polygamy among western fundamentalist Mormon women

Primetime Pundits explores the ascent of punditry and offers a new approach for understanding how social issues are covered in the changing media landscape. Based on extensive research of primetime news coverage of social issues, Letukas analyzes how pundits have come to dominate our national political dialogue over the past thirty years.

Today, India stands on the threshold of global dominance. And as it faces the road ahead, attention focuses on one man: its Prime Minister, Narendra Modi. A controversial figure in his own country and abroad, he has garnered unprecedented political support while facing criticism for his nationalism, his record in government and his economic policies. As it seeks to control its relationships with China and Pakistan, to revitalise its economy and improve the health and education prospects of its citizens, the key to understanding its future may lie in understanding its leader. Here, Adam Roberts, formerly South Asia bureau chief for the Economist, builds up an unflinching portrayal of the man at India's helm, the country's enormous potential - and its equally vast challenges. Drawing on years of on-the-ground research, and interviews with everyone from wayside fortune-tellers to Modi himself, Superfast Primetime Ultimate Nation is essential reading for anyone who wants to know what the future holds for the world's greatest nation.

In the blink of an eye, here's everything about "I Dream of Jeannie" Everyone remembers "I Dream of Jeannie," but how much do you really know about Major Nelson, Major Healey, and Jeannie herself? TV historian Stephen Cox and photo archivist Howard Frank uncork all the secrets to this supernatural Sixties sitcom. Included here are: \* Rare, outspoken interviews with the cast, actual NASA astronauts, and the show's prolific producer, Sidney Sheldon. \* Astounding, never-before-published photos that fully illustrate the scope of this show's legacy and its permanent place in pop culture history. \* The complete "Bewitched" vs. "Jeannie" squabble. \* Sixteen pages of mystical color images. \* Exclusive peeks into Jeannie's bottle Yes, Master, this thoroughly researched and beautifully illustrated book is a dream come true for every fan of Jeannie.

A decade after the first Canadian telecasts in September 1952, TV had conquered the country. Why was the little screen so enthusiastically welcomed by Canadians? Was television in its early years more innovative, less commercial, and more Canadian than current offerings? In this study of what is often called the 'golden age' of television, Paul Rutherford has set out to dispel some cherished myths and to resurrect the memory of a noble experiment in the making of Canadian culture. He focuses on three key aspects of the story. The first is the development of the national service, including the critical acclaim won by Radio-Canada, the struggles of the CBC's English service to provide mass entertainment that could compete with the Hollywood product, and the effective challenge of private television to the whole dream of public broadcasting. The second deals with the wealth of made-in-Canada programming available to please and inform viewers - even commercials receive close attention. Altogether, Rutherford argues, Canadian programming reflected as well as enhanced the prevailing values and assumptions of the mainstream. The final focus is on McLuhan's Question: What happens to society when a new medium of communications enters the picture? Rutherford's findings cast doubt upon the common presumptions about the awesome power of television. Television in Canada, Rutherford concludes,

## Access Free Primetime

amounts to a failed revolution. It never realized the ambitions of its masters or the fears of its critics. Its course was shaped not only by the will of the government, the power of commerce, and the empire of Hollywood, but also by the desires and habits of the viewers.
