INTRODUCTION TO INVESTIGATIONS, Second Edition is a basic introductory text for college students who are interested in learning who investigators are, what they do, and how they do it. Dempsey has designed a text that gives students a general overview of investigations so they can understand why and how investigations are conducted. This text also introduces students to what types of jobs are available in the investigating industry and what skills are needed to obtain these jobs.

The world of law and investigations are truly a wonderous marriage. The author felt that over fifty years ago, as he walked up the steps of the Los Angeles Police Academy, when he first entered into a career in law enforcement. Jim, as he prefers to be called, enjoyed this new world and endeavored to learn everything he could about it. During his career, Jim attended 88 investigative training programs and completed 38 law enforcement related correspondence courses. In his spare time, he managed to obtain his Associates in Arts Degree in Police Science and his Bachelors of Science Degree in Criminal Justice Administration. Today, he is a District Court Certified Forensic and Fingerprint Expert; and has held a California State Private Investigators License for over 40 years. Jim has taught Crime Scene Technology to law enforcement officers throughout the United States. In his giveback to those who want to enter into the field of law enforcement, or private investigation, he wrote his Manual. Come with him into this new world, and give back to your community through knowledge and practice of what you learn within the covers of this book. Mark 5:09 “Blessed are the peace-makers: for they shall be called the children of God.” KJV

Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given $25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

The threat against the homeland continues and the private investigator plays a critical part in this effort. This includes in providing criminal, civil and background investigation, protective service, security consulting and electronic sweeps. The text will provide an overview of the role of private investigation in protection of the homeland and show how such skill can be utilized by business and government in this effort.

HEA-Employment.com is a work-at-home job listing service. Our website offers job seekers access to thousands of available work-at-home job opportunities. Over the years we compiled a listing of thousands of legitimate telecommuting companies that hire telecommuters and virtual assistant. The companies listed in this EBook have hired people to work from home. A majority of the companies are accepting resumes for current and future job openings.
