These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

This fascinating guide documents the transformation of government from passive observer to active participant and ally of the American people during the late-19th and early-20th centuries. The progressive impulse that energized the United States between 1890 and 1920 forever altered the nature of American government and its relation to its citizens. This book was written to reveal the challenges Americans faced during the Progressive Era and to show how their responses helped transform the nation. Combining a narrative on the era with biographies of key participants, significant primary sources, and an annotated bibliography, the typically organized volume offers a lively contextual guide to one of the great turning points in American history. In addition to covering the major political events of the era, the guide provides profiles of prominent Progressive figures such as Eugene V. Debs, Mother Jones, Margaret Sanger, Jacob Riis, and W.E.B. DuBois. Teddy Roosevelt, Woodrow Wilson, and the National Progressive Agenda are covered, as are the Muckrakers, the African American struggle for equal rights, the women's suffrage movement, and efforts to better the conditions of factory workers. The guide also details the rise of the American Empire as the United States took its place on the world stage. The most recent historiography is interwoven throughout. • Offers an accessible overview of the Progressive Era that uniquely brings together a narrative, biographies, primary source materials, and analysis • Shares a new perspective on an era that is part of the core curriculum of American history • Provides context essential to appreciating the interests, ideas, and individuals responsible for shaping—or restricting—progressive thought and action • Acts as a research guide for high school and undergraduate students • Includes an annotated bibliography of print and online primary and secondary sources to encourage further study

Gale Researcher Guide for: Governance in the Progressive Era is selected from Gale's academic platform Gale Researcher. Now in its second edition, America in the Progressive Era, 1890 – 1917 provides a readable, analytical narrative of the emergence, influence, and decline of the spirit of progressive reform that animated American politics and culture around the turn of the twentieth century. Covering the turbulent 1890s to the American entry into World War I, the text examines the political, social, and cultural events of a period which set the agenda for American public life during the remainder of the twentieth century. This new edition places progressivism in a transatlantic context and gives more attention to voices outside the mainstream of party politics. Key features include: A clear account of the continuing debate in the United States over the role of government, citizenship, and the pursuit of social justice A full examination of the impact of reform on women and minorities A rich selection of documents that allow the historical actors to communicate with today 's readers An extensive, updated bibliography providing a valuable guide to additional reading and research Based on the most recent scholarship and written to be read by students, this book will be of interest to students of American History and Political History.

Gale Researcher Guide for: Conservation and Preservation in the Progressive Era is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

The Progressive Era, a few brief decades around the turn of the last century, still burns in American memory for its outsized personalities: Theodore Roosevelt, whose energy glinted through his pince-nez; Carry Nation, who smashed saloons with her axe and helped stop an entire nation from drinking; women suffragists, who marched in the streets until they finally achieved the vote; Andrew Carnegie and the super-rich, who spent unheard-of sums of money and became the wealthiest class of Americans since the Revolution. Yet the full story of those decades is far more than the sum of its characters. In Michael McGerr's A Fierce Discontent America's great political upheaval is brilliantly explored as the root cause of our modern political malaise. The Progressive Era witnessed the nation's most convulsive upheaval, a time of radicalism far beyond the Revolution or anything since. In response to the birth of modern America, with its first large-scale businesses, newly dominant cities, and an explosion of wealth, one small group of middle-class Americans seized control of the nation and attempted to remake society from bottom to top. Everything was open to question -- family life, sex roles, race relations, morals, leisure pursuits, and politics. For a time, it seemed as if the middle-class utopians would cause a revolution. They accomplished an astonishing range of triumphs. From the 1890s to the 1910s, as American soldiers fought a war to make the world safe for democracy, reformers managed to outlaw alcohol, close down vice districts, win the right to vote for women, launch the income tax, take over the railroads, and raise feverish hopes of making new men and women for a new century. Yet the progressive movement collapsed even more spectacularly as the war came to an end amid race riots, strikes, high inflation, and a frenzied Red scare. It is an astonishing and moving story. McGerr argues convincingly that the expectations raised by the progressives' utopian hopes have nagged at us ever since. Our current, less-than-epic politics must inevitably disappoint a nation that once thought in epic terms. The New Deal, World War II, the Cold War, the Great Society, and now the war on terrorism have each entailed ambitious plans for America; and each has had dramatic impacts on policy and society. But the failure of the progressive movement set boundaries around the aspirations of all of these efforts. None of them was as ambitious, as openly determined to transform people and create utopia, as the progressive movement. We have been forced to think modestly ever since that age of bold reform. For all of us, right, center, and left, the age of "fierce discontent" is long

over.

The Progressive Era, the period in the United States between 1898 and 1917, was a time of great social, political, and industrial change. Following the Spanish-American War of 1898, an event that signaled the emergence of the United States as a great power, the country soon was involved in its first overseas guerrilla war, in the Philippines. Vast changes in communications and transportation, immigration and migration patterns, social mores, gender roles, family structure, class structure, work patterns, business methods, education, intellectual life, religion, the professions, technology, science, medicine, and much else were transforming the scope and feel of people's lives and relationships. In many ways what happened in this era set the agenda for the rest of the 20th century. The A to Z of the Progressive Era is the most comprehensive and coherent reference work on the Progressive Era. Through its chronology, introductory essay, bibliography, appendixes, and hundreds of cross-referenced dictionary entries on the key events, people, organizations, and ideas of the period, this resource is a lively, complete, and accessible overview of this significant era.
