Mason and Logan Kade are two brothers who did their own thing. They were rich and expected to attend Samantha's school, Fallen Crest Academy. They chose public school and now she has to live with them. Maybe change is a good thing.

The Insiders is the first in a brand new, page-turning romance trilogy from New York Times bestseller, Tijan! Bailey is as normal as could be, with a genius IQ and a photographic memory. But still, normal for her. Then, things happen—a guy breaks into her house in the middle of the night to take her hostage. She finds out her father is actually billionaire tech genius Peter Francis, the same guy she's idolized all her life. She learns all this when she meets dark, mysterious, and electrifying Kashton Colello. He's an associate of her father's, and he gives Bailey two choices—go with him and meet her father or survive on her own because those kidnapers are going to try again. It's a no-brainer. After this, three things become clear for Bailey: 1. She's living at her father's sprawling estate, complete with bodyguards and the best security that money can buy. 2. She's no longer an only child. She has three siblings and has no idea what to do with them and vice versa. 3. She is being guarded by Kash himself. Personally guarded. And there is a lot of guarding going on there and some of it is going to drive her crazy. A complete outsider in a world of wealth and decadence, Bailey has to find her way within a family that has more secrets than she could have imagined. One of these secrets could be deadly...

Jett Olsson isn't looking for anything serious and she's not looking for anything at all, so why does it seem so hard to keep it professional? I love my life—the thrill of being on the ice as part of the Arizona Vengeance, the rush of winning, the adoration of the fans. And if that adoration means I don't have to spend the night alone, well even better. I'm content being single and always ready to mingle. But the day Emory Holland walks into a Vengeance team meeting my attention is caught like never before. I can tell right away she's full of smarts and sass, and the fact that she's hot as hell sure doesn't hurt either. She immediately shuts down my advances, so I opt for the road less traveled—straight to the friend zone. My approach works like a charm, and when she invites me into her bed for a no-strings, friends-with-benefits arrangement, I vow to give her everything I have. She's been hurt before, and
