"You can be lonely
anywhere, but there is a

particular flavor to the loneliness that comes from living in a city, surrounded by thousands of strangers. The Lonely City is a roving cultural history of urban loneliness, centered on the ultimate city: Manhattan, that teeming island of gneiss, concrete, and glass. What does it mean to be lonely? How

How do we connect

Does technology draw

Olivia Laing explores

Daisy Crispin has 196 days to find the right date for the prom.

There's only one problem--her parents won't let her date or even talk to a guy on the phone. Oh, and she's totally invisible at school, has to wear lame homemade clothes, and has no social skills.

Okay, so maybe there's more than one problem. Can she talk her parents into letting her go to the prom? Or will they succeed at their obvious attempt to completely ruin her life? With hilarious and truthful writing, Kristin Billerbeck uncovers the small--and large--mortifications that teen girls encounter.

Readers will fall in love with Daisy's sharp wit and resourcefulness as she navigates the world of boys, fashion, family, and friendship.
