He describes her as wonderfully beautiful: "The all-seeing sun / ne'er saw her match since first the world begun." Rosaline, however, chooses to remain chaste; Romeo says: "She hath forsworn to love, and in that vow / Do I live dead that live to tell it now." This is the source of his depression, and he makes his friends ...

Romeo is talking about how Juliet hasn't yet been affected by death, when in reality, she isn't dead. 2."If he be married my grave is like to be my wedding bed." (Act 1 Scene 5) Juliet is asking the nurse who Romeo is. This statement is ironic because Juliet's grave is going to be her wedding bed, we already know she is going to die. 3.

This innovative collection explores uses of Shakespeare in a wide variety of 21st century contexts, including business manuals, non-literary scholarship, database aggregation, social media, gaming, and creative criticism. Essays in this volume demonstrate that users' critical and creative uses of the dramatist's works position contemporary issues of race, power, identity, and authority in new networks that redefine Shakespeare and reconceptualize the ways in which he is processed in both scholarly and popular culture. While The Shakespeare User contributes to the burgeoning corpus of critical works on digital and Internet Shakespeares, this volume looks beyond the study of Shakespeare artifacts to the system of use and users that constitute the Shakespeare network. This reticular understanding of Shakespeare use expands scholarly forays into non-academic practices, digital discourse communities, and creative critical works manifest via YouTube, Twitter, blogs, databases, websites, and popular fiction.

This study argues that Romeo and Juliet, perhaps Shakespeare's most popularly-known play, repays thorough investigation - read afresh, the play is an extraordinary exploration of domestic conflict, social relations and linguistic practice. Drawing upon recent criticism on history and literature, and the rarely-discussed work of eighteenth- and nineteenth-century women critics, Sasha Roberts presents new readings of Romeo and Juliet and its early modern cultural context. Concisely-argued chapters address a wide range of themes - including rival texts, body politics, ethnic identity, adolescence, sexuality, masculinity, relations between women, family dynamics, ritual behaviour, language, bawdy, and the commodification of romantic love - and examine the play's striking imagery of disease, blood, beds, and wombs. Clearly written, this lively and accessible study of Romeo and Juliet will be of interest to readers both new to and familiar with the play.

Uniquely, this guide analyses the play's critical and performance history and recent criticism, as well as including five essays offering radically new paths for contemporary interpretation. The subject matter of these essays is rich and diverse, ranging across the play's philosophical identification of sexual love with self-realization, the hermeneutic implications of an editor's textual choices, the minor characters of the play in relation to Renaissance performance traditions, Romeo and Juliet in opera and ballet, and the play's Italian sources and afterlives. The guide also contains a chapter on the key resources available, including scholarly editions and easily available DVDs, and discusses the ways in which they can be used in the classroom to aid understanding and provoke further debate. Edited by leading scholar Julia Reinhard Lupton, this is an essential guide for both students and scholars of Shakespeare.

Adaptation in Young Adult Novels argues that adapting classic and canonical literature and historical places engages young adult readers with their cultural past and encourages them to see how that past can be rewritten. The textual afterlives of classic texts raise questions for new readers: What can be changed? What benefits from change? How can you, too, be agents of change? The contributors to this volume draw on a wide range of contemporary novels – from Rick Riordan's Percy Jackson series and Megan Shepherd's Madman's Daughter trilogy to Jesmyn Ward's Salvage the Bones – adapted from mythology, fairy tales, historical places, and the literary classics of Shakespeare, Charles Dickens, Jane Austen, and F. Scott Fitzgerald, among others. Unpacking the new perspectives and critiques of gender, sexuality, and the cultural values of adolescents inherent to each adaptation, the essays in this volume make the case that literary adaptations are just as valuable as original works and demonstrate how the texts studied empower young readers to become more culturally, historically, and socially aware through the lens of literary diversity.

This book includes a short history of interactive narrative and an account of a small group collaboratively authored social media narrative: Romeo and Juliet on Facebook: After Love Comes Destruction. At the forefront of narrative innovation are social media channels – speculative spaces for creating and experiencing stories that are interactive and collaborative. Media, however, is only the access point to the expressiveness of narrative content. Wikis, messaging, mash-ups, and social media (Facebook, Twitter, YouTube and others) are on a trajectory of participatory story creation that goes back many centuries. These forms offer authors ways to create narrative meaning that reflects our current media culture, as the harlequinade reflected the culture of the 18th century, and as the volvelle reflected that of the 13th century. Interactivity, Collaboration, and Authoring in Social Media first prospects the last millennium for antecedents of today's authoring practices. It does so with a view to considering how today's digital manifestations are a continuation, perhaps a reiteration, perhaps a novel pioneering, of humans' abiding interest in interactive narrative. The book then takes the reader inside the process of creating a collaborative, interactive narrative in today's social media through an authoring experience undertaken by a group of graduate students. The engaging mix of blogs, emails, personal diaries , and fabricated documents used to create the narrative demonstrates that a social media environment can facilitate a meaningful and productive collaborative authorial experience and result in an abundance of networked, personally expressive, and visually and textually referential content. The resulting narrative, After Love Comes Destruction, based in Shakespeare's Romeo and Juliet, shows how a generative narrative space evolved around the students' use of social media in ways they had not previously considered both for authoring and for delivery of their final narrative artifact.
