SAUCERS SWASTIKAS AND PSYOPS. In the News The Nazi International. NEW BOOK! SAUCERS SWASTIKAS AND PSYOPS. September 7, 2011 By Joseph P. Farrell. Well folks, my publisher has gone and done it again, by announcing a new book before I'm even done with it, but since he has, you might as well know what it looks like: As I point out in the preface, the focus here is on the idea of a breakaway civilization itself: can such an idea be argued?

Oxford-educated historian Farrell continues his best-selling book series on suppressed technology, Nazi survival and the postwar psyops with his new book Saucers, Swastikas and Psyops. Farrell discusses SS Commando Otto Skorzeny; George Adamski; the alleged Hannebu and Vrll craft of the Third Reich; The Strange Case of Dr. Hermann Oberth; Nazis in the US and their connections to "UFO contactees;" The Memes-an idea or behavior spread from person to person within a culture-are Implants; Adamski's ET Message: The Danger of Weaponized Gravity; and tons more. What do the following things have in common: George Adamski, Fascists, Nazi scientists, American engineers, the CIA, the Wall Street Morgan interests, I.G. Farben, ITT, SS Commando Otto Skorzeny, the post-war Nazi International, American Intelligence and the Mafia Drug Lords? Answer: they are all components of a "breakaway civilization " seeking to protect its control over advanced technologies and to project itself into outer space while waging a covert war here on earth with the same advanced technologies-and the rest of humanity be damned. Join internationally-known researcher Joseph P. Farrell in this next chapter in his expose of secret Nazi wartime and postwar research that he began in The SS Brotherhood of the Bell and Nazi International.

Oxford-educated historian Joseph P. Farrell really delivers in this latest addition to his best-selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the "end" of World War II and the psychological war that they waged for decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank (among others), and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth. Farrell includes a fascinating discussion of "emulational" technologies (those that can manipulate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of "full spectrum dominance" and the culture of "plausible deniability"-yes, there are plans for mass destruction that can never be traced back to their real source. Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery; incredibly bold counterfeiting operations; and the nexus of spy satellites, nuclear weapons and UFOs. He includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super-finance and technology.

Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets and breakaway civilizations, author and researcher Joseph P. Farrell investigates the theory that there were not two levels to the 9/11 event, but three. He says that the twin towers were downed by the force of an exotic energy weapon, one similar to the Tesla energy weapon suggested by Dr. Judy Wood, and ties together the tangled web of missing money, secret technology and involvement of portions of the Saudi royal family. Farrell unravels the many layers behind the 9-11 attack, layers that include the Deutschebank, the Bush family, the German industrialist Carl Duisberg, Saudi Arabian princes and the energy weapons developed by Nikola Tesla before WWII. It is Farrell at his best—uncovering the massive financial fraud, special operations and hidden technology of the breakaway civilization.

Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets and breakaway civilizations, author and researcher Joseph P. Farrell continues his examination of the post-war Nazi International, an "extra-territorial state" without borders or capitals, a network of terrorists, drug runners, and people in the very heights of financial power willing to commit financial fraud in amounts totaling trillions of dollars. Breakaway civilizations, black budgets, secret technology, occult rituals, international terrorism, giant corporate cartels, patent law and the hijacking of nature: it's all in this book where Farrell explores what he calls "the business model" of the post-war Axis elite. It is Farrell at his best—uncovering the gargantuan financial fraud and hidden technology of the breakaway civilization.

Offers a range of exotic technologies the Nazis researched, and challenges to the conventional views of the end of World War Two, the Roswell incident, and the beginning of MAJIC-12, the government's alleged secret team of UFO investigators.

Oxford-educated historian Joseph P. Farrell delivers the sequel to his best-selling Covert Wars and Breakaway Civilizations, part of his book series on suppressed technology, Nazi survival, secret finance and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control that very few people even suspect exists. Farrell delves deeper into the breakaway civilizations created by the Nazis in South America and other parts of the world. He elaborates on the advanced technology that they took with them at the "end" of World War II and shows how they created a huge system of hidden finance with the involvement of leading financial institutions around the world. He exposes the secret space programs used by the breakaway civilizations and reveals the clash of civilizations—a virtual secret war going on around us. He investigates the current space secrecy that involves UFOs, suppressed technologies and the hidden oligarchs who control planet Earth for their own gain and profit. Farrell probes the mystery surrounding Dr. Kurt Debus and his links to NASA and Werner von Braun. He uncovers the covert operations of Richard Bissell, the flying saucer designs of Alfred Loedding and T. Townsend Brown, and strange activity on Mars involving UFOs. He explains the magneto-hydrodynamic anti-gravity drives that would easily power such craft. He includes a continued discussion of "emulational" technologies (those that can imitate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of "full spectrum dominance" and the culture of "plausible deniability." Farrell includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret oligarchies and super technology.

"A fascinating expose proving that Nazi Germany won the race for the atom bomb in late 1944. Were the Nazis secretly researching the occult, alternative physics and new energy sources? This scientific-historical journey tracks down the proof and answers these fascinating questions: What were the Nazis developing in Czechoslovakia? Why did the US Army test the atom bomb on Hiroshima? Why did the Luftwaffe fly a non-stop round-trip mission within twenty miles of New York City in 1944?"—Publisher's description.

Pursuing his investigations of WWII machinations, secret international agreements, breakaway civilizations and hidden wars in Antarctica, author and researcher Joseph P. Farrell examines the continuing mystery of Rudolf Hess, his sudden flight to Scotland, his supposed imprisonment at Spandau Prison in Berlin and how his flight affected affairs in Europe, Israel, Antarctica and elsewhere. Farrell looks at Hess' mission to make peace with Britain and get rid of Hitler-even a plot to fly Hitler to Britain for capture! How much did Gã ò ring and Hitler know of Rudolf Hess' subversive plot, and what happened to Hess? Why was a doppelganger put in Spandau Prison and then "suicided"? Did the British use an early form of mind control on Hess' double? John Foster Dulles of the OSS and CIA suspected as much. Farrell also uncovers the strange death of Admiral Richard Byrd's son in 1988, about the same time of the death of Hess. What was Hess' connection to Antarctica? It is Farrell at his best-uncovering the special operations and still-secret activities of WWII and the breakaway civilization.

The groundbreaking first edition of Secret and Suppressed influenced many in the conspiratorial 90s (including Chris Carter and his X-Files). Now comes the second edition, presenting a new set of revelations, rants, visions and nightmares that illuminate the paranoid and nightmarish post-9/11 world.

Trevor J. Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In Light and Dark, he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence—the Earth plane and the multiple levels of the spiritual planes, including the lower levels, from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people, or "black ghosts." He credits guardian angels with saving him from harm or certain death on a number of occasions. Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience—voices from beyond—and precognition, or the ability to see the future. His detailed account of a unique out-of-body experience (OOBE) challenges what is known about this remarkable ability. His OOBE was unlike anything that has ever been described by others who have experienced it—and he shares it all in Light and Dark. But it hasn't all been safe or pleasant. At eighteen, he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him. A comprehensive handbook for the paranormal enthusiast, Hawkeswood's work also provides a glossary and reference list of English-language UFO books. In Light and Dark, he shares a lifetime of experiences, ideas, and theories about this fascinating field of study.
