The Nazis' dream of a world dominated by legions of Aryan 'supermen', forged in battle and absolutely loyal to Adolf Hitler, was epitomised by the Waffen-SS. Created as a supreme military elite, it grew

to become Nazi
Germany's
'second army',
an immense force
totalling almost
one million men
by the end of

astonishing fact
about the SS is
that thousands
of its members
were not German.
Men stepped

almost every

Europe, for many
sometimes
complex reasons
that included
hatred of
Bolshevism and
nationalist
sentiment or

them were
Scandinavians
from Denmark,

and even

Thousands were

in national
legions but were
then brought
together in the

details the

men fought and
what inspired

The events

He retired after

This book was

After the
Germans lost
that battle-and

war-their side

decided to
locate the

members of some
of the units he

before the
battle in a bid
to hear their
side of the
story and write
a book based on
these.

Unfortunately,
he died before
he could

book. His son saw the folder that contained his father's research and he decided to finish it; what he found was a shocking narrative of how the battle looked from the eyes of the soldiers that

day. It
contained
stories of how
the troops
fought
resolutely for
hours to keep
their ground
even as they saw
the impending
loss. The Allied
