Environmental issues can feel overwhelming. But, in fact, it is simple; it all comes down to one thing - stuff. Our use of the Earth's resources - whether a crisp packet or a cargo ship, a T-shirt or a wind turbine - has an inescapable impact on our future. In *The Secret Life of Stuff*, Julie Hill uncovers the origins and the true cost of what we use. Her inventory of over-consumption may shock but it is the first step towards overcoming waste.

*The Secret Life of Stuff* sets out to re contextualise Agar's work and the idea of the 'unconscious' in relation to the work of four contemporary artists. The title alludes to the need to open up this term, away from its psychoanalytical meaning which was so important to Surrealism, and to recover a wider understanding that extends beyond the subject.

This volume takes you to the places and people you touch every day. - BOOK JACKET.

Wouldn't you like: - Products that don't damage the environment? - A better way of life without agonising about your 'footprint'? - To really know your stuff? Climate change? Biofuels? Nuclear power? Landfills? Recycling? Renewable energy? Environmental issues can feel overwhelming. But, in fact, it is simple; it all comes down to one thing - stuff. Our use of the Earth's resources - whether a crisp packet or a cargo ship, a T-shirt or a wind turbine - has an inescapable impact on our future. In The Secret Life of Stuff, Julie Hill uncovers the origins and the true cost of what we use. Her inventory of over-consumption may shock but it is the first step towards overcoming waste. The misuse of stuff is not your fault, it's a product of history. But it is only by understanding what has gone wrong, that everyone - politicians, business people and us as consumers - can create a new and better material

world.

Majority of text quoted in part from *Stuff: the secret lives of everyday things*, by John C. Ryan, published in 1997.

On the front lines with extreme hoarders *The Secret Lives of Hoarders* is much more than harrowing tales of attacking the ugliest, dirtiest, and most shocking hoarding cases in the country. It is a behind-the-scenes look at this hidden epidemic- what it means, how to recognize it before it gets out of hand, and how to deal with it. Through his work with hundreds of clients in the worst circumstances- from the giant "rat's nest" that hid more than \$13,000 in cash to a vast cache of cartoon pornography to twenty-five years' worth of unopened mail-Matt Paxton has learned to understand this disorder and his clients' impulses to collect, to speak the hoarders' language, and to reach out to them with compassion and concern while avoiding criticism and judgment. Most important, he guides compulsive hoarders successfully through every step of the clean-up and healing process. *The Secret Lives of Hoarders* is an engrossing and sometimes unsettling look at extreme clutter but one that helps hoarders, their families, and their friends to find meaning in the chaos.

The extreme cleaning specialist from A&E's hit TV show *Hoarders* describes the stories of real clients and addresses the physical challenges associated with working the front lines of hoarding, as well as the social issues surrounding the disorder. Original.

*Secret Lives of Great Artists* recounts the seamy, steamy, and gritty history behind the great masters of international art. You'll learn that Michelangelo's body odor was so bad, his assistants couldn't stand working for him; that Vincent van Gogh sometimes ate paint directly from the tube; and Georgia O'Keeffe loved to paint in the nude. This is one art history lesson you'll never forget!

Includes all-new chapter about the 45th POTUS, Donald J. Trump. This updated and redesigned edition of *Secret Lives of the U.S. Presidents* features outrageous and uncensored profiles of our commanders in chief-complete with hundreds of little-known, politically incorrect, and downright wacko facts. You'll discover that:

- Teddy Roosevelt was blinded in a White House boxing match
- John Quincy Adams loved to skinny-dip in the Potomac River
- Gerald Ford once worked as a *Cosmopolitan* magazine cover model
- Warren G. Harding gambled with White House china when he ran low on cash
- Jimmy Carter reported a UFO

sighting in Georgia With chapters on everyone from George Washington to Donald Trump, Secret Lives of the U.S. Presidents tackles all the tough questions that other history books are afraid to ask: Which president claimed that God struck down Abraham Lincoln on purpose? How many of these folks were cheating on their spouses? And are there really secret tunnels underneath the White House? American history was never this much fun in school!

Offers an examination of the secret world of boyhood, the cliques that are formed, and the way boys see themselves in today's society in relation to growing up, getting advice from their parents and peers, and testing the limits of rebellion.

The multi-million bestselling novel about a young girl's journey towards healing and the transforming power of love, from the award-winning author of *The Invention of Wings* and *The Book of Longings* Set in South Carolina in 1964, *The Secret Life of Bees* tells the story of Lily Owens, whose life has been shaped around the blurred memory of the afternoon her mother was killed. When Lily's fierce-hearted black "stand-in mother," Rosaleen, insults three of the deepest racists in town, Lily decides to spring them both free. They escape to Tiburon, South Carolina--a town that holds the secret to her mother's past. Taken in by an eccentric trio of black beekeeping sister, Lily is introduced to their mesmerizing world of bees and honey, and the Black Madonna. This is a remarkable novel about divine female power, a story that women will share and pass on to their daughters for years to come.
