The history of the surfboard is one of innovation---innovation that has in turn shaped the sport of surfing. The Art of the Surfboard follows this history, from the first "wave-riding" redwood planks crafted by ancient Hawaiians to the vacuum-sealed, lightweight, "plastic fantastic" technological marvels of today. Beautifully illustrated with historical prints and engravings, as well as the latest surf photography and detailed closeups, this book documents the surfboards evolution as a perfect convergence of form and function.

Expert instruction you need to take your skills from kook to boss Author John Robison uses hundreds of pictures-- comical, cartoon-like drawings--to clearly illustrate every aspect of surfing: wave dynamics, riding techniques, etiquette, logistics, and more. This entertaining, easy-to-understand visual presentation makes it easy for you to pick up his techniques and use them on the waves. Robison covers every aspect of the sport, from paddling out through the surf zone and catching and riding that first wave to nose riding, acrobatics, shortboard riding, and to equipment repairs.

The Girl's Guide to Surfing delivers all a girl needs to score the wave of her choice. The surfing population has recently exploded, and women are in the water more than ever. For all these hearty souls, author Andrea McCloud delivers down-to-earth instruction and indispensable advice. Find out what kind of surf equipment is specifically right for women and how to get it. Learn how to read local breaks and tides for catching the right wave at the right spot. Get the lowdown on surf etiquette to avoid getting yelled at, or worse, crashing into someone. And hear war stories from the pros about how they learned to surf, how they conquer fear, and what it's like to pull into a fat tube. Featuring loads of informative illustrations, sidebars, and tips, The Girl's Guide to Surfing is the bible for any girl who wants to catch a wave.

With a superhero's physique, a beautiful athlete/model wife, and the ocean as his office, Laird Hamilton's charmed lifestyle is enviable. Now he shares his secrets for living a balanced life, including the unique physical regimens, mental strategies, and spiritual beliefs that have allowed Hamilton to do what he loves, while being surrounded by family and radiating peak health and fitness.--From publisher description.

A century ago, Henry Ford saw a sea change in worker productivity. It was the industrial revolution. Where other-s saw only more profits, Ford had a much grander vision. He invented the eight-hour workday, cut his employees' workdays nearly in half and doubled their pay. Productivity and profitability soared. By giving more to his workers, he changed the quality of life of an entire nation. Today, we're in the midst of a massive productivity shift for knowledge workers. And yet, the eight-hour workday hasn't changed. Until now, that is. This book is about one company that simply asked why. A company that had the courage to try an experiment, toward re-inventing a more sensible, productive, and healthy workday for today's knowledge workers. That company is Tower Paddle Boards, one of the fastest-growing companies in the nation, and one of Mark Cuban's best Shark Tank investments. In this book, you'll learn how the five-hour workday: Improves business operations, efficiency, and profitability Attracts the brightest minds, the hardest workers, and the best performers Stimulates employee performance and increases retention rates Can be implemented and tested at your company, temporarily and without risk Can change your life into something better than you ever imagined possible

The Roxy brand beach apparel's surf team, "The Roxy Girls," are world champion surfers who epitomize the fun of being a beach girl. This compendium collects the best photographs of the Roxy girls' exploits over the past decade whether on land or in the water.

Stand up paddling (SUP) is experiencing fast growth in the United States and around the world. It can be enjoyed on inland lakes and rivers, as well as on the ocean and in the surf—but most important, it's fun and a great way to stay fit. The Art of Stand Up Paddling will include everything both new and not-so-new paddlers need to know—from buying a board and getting started on your local lake to paddling rivers and surfing ocean waves. This revised edition features a brand new chapter on SUP Yoga, which combines the passion of yoga with the art of stand up paddling. Also included is a fascinating and controversial history of stand up paddling, which, although new to many, dates back hundreds of years to Peruvian fishermen, Venetian gondoliers, and Hawaiian beach boys. Chapters on surf-break etiquette, fitness, yoga, and the exhilarating potential for adventures on a stand up paddleboard makes this a complete resource for beginners and experienced paddlers alike.
