Filled with action and suspense, Jack London's *Burning Daylight* brings an exciting twist to the classic enemies to lovers storyline. Featuring two exciting settings—California and Alaska, *Burning Daylight* is an entertaining glimpse into the gold rush era of the United States. Through the use of amusing caricatures of hyper-masculinity and hyper-femininity, London's romance novel also provides intriguing insight on the early 20th century gender expectations. *Burning Daylight* has inspired several film adaptations over the years, and was among the list of best-selling books when it was released in 1910. With adaptations and record sales, Jack London's *Burning Daylight* proves that it is a prolific work able to be enjoyed by audiences even in the 21st century. This edition of *Burning Daylight* by Jack London is now presented with a new, eye-catching cover and is printed in an easy-to-read font, making it both modern and accessible.
