The modern tradition; backgrounds of modern literature

This comprehensive anthology, edited by the acclaimed scholars of modernism, Richard Ellmann and Charles Feidelson, is arranged thematically with essential readings from the Western European tradition on: symbolism, realism, nature, cultural history, the unconscious, myth, self-consciousness, existence, and faith.

The Modern Tradition: Backgrounds of Modern Literature

This is an amazing anthology of literary and philosophical essays and excerpts from the late 19th century through the mid-twentieth century. Richard Ellmann was a towering intellect of modernist literary criticism (the biographer of Joyce and Yeats), and these selections, put together, constitute a graduate degree in themselves.

The Modern Tradition: Backgrounds of Modern Literature

Edited by historian Richard Gamble, this anthology reconstructs a centuries-long conversation about the goals, conditions, and ultimate value of true education. In an unbroken chain of giving and receiving, The Great tradition embraced the accumulated wisdom of the past and understood education as the initiation of students into a body of truth.

The Great Tradition: Classic Readings on What it Means to

The following is an excerpt from Richard Gamble, The Great Tradition: Classic Readings on What It Means to Be an Educated Human Being (500 pages, ISI Books, 2007) Evelyn Waugh ' s gently satirical Scott-King ' s Modern Europe follows the declining career of a classics teacher at Granchester, a fictional English public school.

Richard of Impressions

An older tradition—the Great Tradition—of education in the West is waiting to be heard. Since antiquity, the Great Tradition has defined education first an Frustrated with the continuing educational crisis of our time, concerned parents, teachers, and students sense that true reform requires more than innovative classroom technology, standardized tests, or skills training.

Richard David Ellmann, FBA (March 15, 1918 - May 13, 1987) was an American literary critic and biographer of the Irish writers James Joyce, Oscar Wilde, and William Butler Yeats.He won the U.S. National Book Award for Nonfiction for James Joyce (1959), which is one of the most acclaimed literary biographies of the 20th century. Its 1982 revised edition was similarly recognised with the award ...

Is the language of mission clearly evident across the broad reaches of time? Or has the modern missionary enterprise distorted our view of the past? Michael Stroope investigates how the modern church has come to understand, speak of, and engage in the global expansion of Christianity, offering a hopeful way forward in this pressing conversation.

For close to a thousand years Amida ' s Pure Land, a paradise of perfect ease and equality, was the most powerful image of shared happiness circulating in the Japanese imagination. In the late nineteenth century, some Buddhist thinkers sought to reinterpret the Pure Land in ways that would allow it speak to modern Japan. Their efforts succeeded in ways they could not have predicted. During the war years, economist Kawakami Hajime, philosopher Miki Kiyoshi, and historian Ienaga Sabur -left-leaning thinkers with no special training in doctrinal studies and no strong connection to any Buddhist institution—seized upon modernized images of Shinran in exile and a transcendent Western Paradise to resist the demands of a state that was bearing down on its citizens with increasing force. Pure Land, Real World treats the religious thought of these three major figures in English for the first time. Kawakami turned to religion after being imprisoned for his involvement with the Japanese Communist Party, borrowing the Shinsh -image of the two truths to assert that Buddhist law and Marxist social science should reinforce each other, like the two wings of a bird. Miki, a member of the Kyoto School who went from prison to the crown prince ' s think tank and back again, identified Shinran ' s religion as belonging to the proletariat: For him, following Shinran and working toward building a buddha land on earth were akin to realizing social revolution. And Ienaga ' s understanding of the Pure Land—as the crystallization of a logic of negation that undermined every real power structure—fueled his battle against the state censorship system, just as he believed it had enabled Shinran to confront the world ' s suffering head on. Such readings of the Pure Land tradition are idiosyncratic—perhaps even heretical—but they hum with the same vibrancy that characterized medieval Pure Land belief. Innovative and refreshingly accessible, Pure Land, Real World shows that the Pure Land tradition informed twentieth-century Japanese thought in profound and surprising ways and suggests that it might do the same for twenty-first-century thinkers. The critical power of Pure Land utopianism has yet to be exhausted.
