And when the flames go out and our own fear creeps in, it is the pride in our joy that sustains us. I wrote *Barbalien: Red Planet* as an ode to that original "Pride Parade," to queer rage and the power we wield when we gather; but it is also about every parade since, and the queer joy we breathe in until our fires light again. I hope this ...

The writer's first work for ten years, on themes linked to the events of September 11: America, Italy, Europe, Islam and ourselves, interspersed with personal memoirs.

Oriana Fallaci is back with her much-anticipated follow up to *The Rage and the Pride*, her powerful post-September 11 manifesto. The genesis for *The Force of Reason* was a postscript entitled *Due Anni Dopo* (Two Years Later), which was intended as a brief appendix to the thirtieth edition of *The Rage and the Pride* (2002). Once Ms. Fallaci completed the postscript, she chose to expand it into a book, a continuation of her ideas set in motion in *The Rage and the Pride*. In *The Force of Reason* Fallaci takes aim at the many attacks and death threats she received after the publication of *The Rage and the Pride*. Ms. Fallaci begins by identifying herself with one Master Cecco, the author of a heretical book who was burnt at the stake during the Inquisition seven centuries ago on account of his beliefs, and proceeds with a rigorous analysis of the burning of Troy and the creation of a Europe that, to her judgment, is no longer her familiar homeland but rather a place best called Eurabia, a soon-to-be colony of Islam (with Italy as its stronghold). Ms. Fallaci explores her ideas in historical, philosophical, moral, and political terms, courageously addressing taboo topics with sharp logic.

A study of anger explores the role of the emotion as an emergency mechanism essential to the survival of prehistoric man and discusses the function, generation, and control of anger in the modern world

Probing the depths of emotional response, the author identifies nine emotional triggers that not only determine how we feel, but also shape our sense of self.

A groundbreaking examination of the psychology of homosexuality, why it leads to shame over one's identity, and how to overcome it In *The Velvet Rage*, psychologist Alan Downs draws on his own struggle with shame and anger, contemporary research, and stories from his patients to passionately describe the stages of a gay man's journey out of shame and offers practical and inspired strategies to stop the cycle of avoidance and self-defeating behavior. *The Velvet Rage* is an empowering book that has already changed the public discourse on gay culture and helped shape the identity of an entire generation of gay men.

Journalist turned psychologist Darcy Lockman offers a bracing look at the most pernicious problem facing modern parents—how egalitarian relationships become traditional ones when children are introduced into the household. In an era of seemingly unprecedented feminist activism, enlightenment, and change, data shows that one area of gender inequality stubbornly persists: the disproportionate amount of parental work that falls on women, no matter their background, class, or professional status. *All the Rage* investigates the cause of this pervasive inequity to answer why, in households where both parents work fulltime and agree that tasks should be equally shared, mothers' household management, mental labor, and childcare contributions still outweigh fathers'. How, in a culture that pays lip service to women's equality and lauds the

benefits of father involvement—benefits that extend far beyond the well-being of the kids themselves—can a commitment to fairness in marriage melt away upon the arrival of children? Counting on male partners who will share the burden, women today have been left with what political scientists call unfulfilled, rising expectations. Historically these disappointed expectations lie at the heart of revolutions, insurgencies, and civil unrest. If so many couples are living this way, and so many women are angered or just exhausted by it, why do we remain so stuck? Where is our revolution, our insurgency, our civil unrest? Darcy Lockman drills deep to find answers, exploring how the feminist promise of true domestic partnership almost never, in fact, comes to pass. Starting with her own marriage as a ground zero case study, she moves outward, chronicling the experiences of a diverse cross-section of women raising children with men; visiting new mothers' groups and pioneering co-parenting specialists; and interviewing experts across academic fields, from gender studies professors and anthropologists to neuroscientists and primatologists. Lockman identifies three tenets that have upheld the cultural gender division of labor and peels back the ways in which both men and women unintentionally perpetuate old norms. If we can all agree that equal pay for equal work should be a given, can the same apply to unpaid work? Can justice finally come home?

Anger can be a powerful political resource, but it mobilizes black and white Americans differentially to exacerbate political inequality.

In the face of systemic racism and state-sanctioned violence, how can we metabolize our anger into a force for liberation? White supremacy in the United States has long necessitated that Black rage be suppressed, repressed, or denied, often as a means of survival, a literal matter of life and death. In *Love and Rage*, Lama Rod Owens, coauthor of *Radical Dharma*, shows how this unmetabolized anger--and the grief, hurt, and transhistorical trauma beneath it--needs to be explored, respected, and fully embodied to heal from heartbreak and walk the path of liberation. This is not a book about bypassing anger to focus on happiness, or a road map for using spirituality to transform the nature of rage into something else. Instead, it is one that offers a potent vision of anger that acknowledges and honors its power as a vehicle for radical social change and enduring spiritual transformation. *Love and Rage* weaves the inimitable wisdom and lived experience of Lama Rod Owens with Buddhist philosophy, practical meditation exercises, mindfulness, tantra, pranayama, ancestor practices, energy work, and classical yoga. The result is a book that serves as both a balm and a blueprint for those seeking justice who can feel overwhelmed with anger--and yet who refuse to relent. It is a necessary text for these times.

A landmark biography of the most famous Italian journalist of the twentieth century, an inspiring and often controversial woman who defied the codes of reportage. Oriana Fallaci is known for her uncompromising vision. To retrace Fallaci's life is to retrace the course of history from World War II to 9/11. As a child, Fallaci enlisted in the Italian Resistance alongside her father, and her hatred of fascism and authoritarian regimes remained strong throughout her life. Covering the entertainment industry early in her career, she created an original, abrasive interview style, focusing on her subjects' emotions, contradictions, and facial expressions more than their words. When she grew bored with movie stars and directors, she turned her attention to the international political figures of the time—Khomeini, Gaddafi, Indira Gandhi, Kissinger—always placing herself front and center in the story. Also a war reporter working wherever there was conflict, she would provoke controversies that became news themselves. With unprecedented access to personal records, Cristina De Stefano brings to life this remarkable woman whose groundbreaking work and torrid love affairs are not easily forgotten. Oriana Fallaci allows a new generation to discover her story and witness the passionate, unstinting journalism so urgently needed in these times of upheaval and uncertainty.

In the follow up to *The Rage and the Pride*, the distinguished Italian historian describes the impact of her controversial book on her own life, detailing the personal attacks and death threats she received following its publication and offering an incisive analysis of the influence of Islam on modern-day Europe. 50,000 first printing.
