In "The Second Plane, Martin Amis has produced an excellent book. It is a collection of his journalism since the events of 11 September 2001. The collection is coherent, well researched and a compelling read. Amis has no sympathy for the barbarians of the Islamic world. In many respects, he is close to the views of his colleague, Christopher Hitchens.

The Second Plane: September 11, 2001-2007 (2008) is a collection of essays and short stories by Martin Amis, which attempt to make sense of the post-9/11 world, from wars to Islamism. One of the most prominent novelists writing today, Amis reflects on September 11th through the lens of literature, suggesting that terrorism, or 'horrorism' as he prefers it at times, has increased the quota of boredom in the world, that extremist religion lacks not only rationality but imagination.

Most observers construed this initially to be an accident involving a small commuter plane. The second plane, United Airlines flight 175, also from Boston, struck the south tower 17 minutes later. At this point there was no doubt that the United States was under attack. Each structure was badly damaged by the impact and erupted into flames.

Brian Clark is a Canadian businessman and survivor of the attacks on the World Trade Center on September 11, 2001. Clark worked for the American international brokerage firm Euro Brokers, which lost 61 employees that day, nearly one fifth of its New York branch. Clark was one of only 18 people in the South Tower to escape from a floor where the plane struck, escaping from his office on floor 84. No one escaped at or above the impact point in the North

Tower. Clark's testimony before the 9/11 Com

Final report of the National Commission on Terrorist Attacks upon the United States.

It has, improbably, been called uncommonly lucid, even riveting by The New York Times, and it was a finalist for the 2004 National Book Awards nonfiction honor. It is a literally chilling read, especially in its minute-by-minute description of the events of the morning of 9/11 inside the Twin Towers. It is The 9/11 Commission Report, which was, before its publication, perhaps one of the most anticipated government reports of all time, and has been since an unlikely bestseller. The official statement by the National Commission on Terrorist Attacks Upon the United States-which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean-it details what went wrong on that day (such as intelligence failures), what went right (the heroic response of emergency services and self-organizing civilians), and how to avert similar future attacks. Highlighting evidence from the day, from airport surveillance footage of the terrorists to phone calls from the doomed flights, and offering details that have otherwise gone unheard, this is an astonishing firsthand document of contemporary history. While controversial in parts-it has been criticized for failing to include testimony from key individuals, and it completely omits any mention of the mysterious collapse of WTC 7-it is nevertheless an essential record of one of the most transformational events of modern times.

“The English language bows deeper to Amis than anyone else.” The Daily Telegraph (UK) A master not only of fiction but also of fiercely controversial political engagement, Martin Amis here gathers fourteen pieces that constitute an evolving, provocative and insightful examination of the most momentous event of our time. At the heart of this collection is the long essay “Terror and Boredom,” an unsparing analysis of Islamic fundamentalism and the West’s flummoxed response to it, while other pieces address the invasion of Iraq, the realities of Iran and Tony Blair’s pallid departure from Downing Street. Amis’s reviews of pertinent books and films, from *The Looming Tower* to *United 93*, provide a wide-ranging survey of other responses to these calamitous issues, which are further explored in two short stories: “The Last Days of Mohammed Atta,” and “In the Palace of the End,” narrated by a Middle Eastern tyrant’s double whose duties include epic lovemaking, grotesque torture and the duplication on his own body of the injuries sustained by his alter ego in constant assassination attempts. Whether lambasted for his refusal to kowtow to Muslim pieties or hailed for his blunt common sense, Amis is indisputably a great pleasure to read—*informed, elegant, surprising—and this collection a resounding contemplation of the relentless, manifold dangers we suddenly find ourselves living with.*

A 2019 Goodreads Readers’ Choice Finalist for Best History A Washington Post Notable Nonfiction Book of 2019 A New York Post Best Book of 2019 Now with a new afterword, Garrett M. Graff’s instant New York Times bestseller *The Only Plane in the Sky*, is the comprehensive oral history of September 11, 2001 that has been called “history as its most immediate and moving” (Jon Meacham) and “remarkable...a priceless civic gift” (The Wall

Street Journal). Hailed as “remarkable...incredibly evocative and compelling” (The Washington Post) and “oral history at its finest” (Pittsburgh Post-Gazette), Garrett M. Graff’s *The Only Plane in the Sky* is the most vivid and human portrait of the September 11 attacks yet, comprised of never-before-published transcripts, recently declassified documents, and original interviews and stories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members. Here is a vivid, profound, and searing portrait of humanity on a day that changed the course of history, and all of our lives.

Martin Amis first wrote about September 11 a week later in a piece for *The Guardian* beginning, 'It was the advent of the second plane, sharking in low over the Statue of Liberty: that was the defining moment.' He has kept returning to September 11, in essays and reviews, and in two remarkable short stories, 'In the Palace of the End' and 'The Last Days of Muhammad Atta'. All are collected here, together with an expanded account of his travels with Tony Blair in 2007 - to Belfast, to Washington, and to Baghdad and Basra. 'We are arriving at an axiom in long-term thinking about international terrorism,' he writes: 'the real danger lies, not in what it inflicts, but in what it provokes. Thus by far the gravest consequence of September 11, to date, is Iraq... Meanwhile, September 11 continues, it goes on, with all its mystery, its instability, and its terrible dynamism.'

Analyzes and refutes twenty of the most predominant theories involving the United States government's role in perpetrating the September 11, 2001 terrorist attacks.

On September 11, 2001, an entire country ground to a halt as terrorists attacked the World Trade Center in New York City, the U.S. Pentagon in Washington D.C., and crashed an airliner near Shanksville, Pennsylvania. Now readers can step back in time to learn what led up to the 9/11 terrorist attacks, how the tragic events unfolded, and the ways in which one devastating day changed America forever.

Table of contents

One of School Library Journal's Best Nonfiction Books of 2011 One of Horn Book's Best Nonfiction Books of 2011 On the ten year anniversary of the September 11 tragedy, a straightforward and sensitive book for a generation of readers too young to remember that terrible day. The events of September 11, 2001 changed the world forever. In the fourth installment of the Actual Times series, Don Brown narrates the events of the day in a way that is both accessible and understandable for young readers. Straightforward and honest, this account moves chronologically through the morning, from the terrorist plane hijackings to the crashes at the World Trade Center, the Pentagon, and Pennsylvania; from the rescue operations at the WTC site in New York City to the collapse of the buildings. Vivid watercolor illustrations capture the emotion and pathos of the tragedy making this an important book about an unforgettable day in American history.

"An impressive combination of diligence and verve, deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20

years that is upsetting, discerning and brilliantly argued." —The New York Times "One of the most illuminating books to come out of the Trump era." —New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation, at home and abroad, the United States has waged an endless conflict known as the War on Terror. In addition to multiple ground wars, it has pioneered drone strikes and industrial-scale digital surveillance, as well as detaining people indefinitely and torturing them. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims and immigrants has become a normalized, paranoid feature of American politics and security, expanding the possibilities for applying similar or worse measures against other targets at home. A politically divided country turned the War on Terror into a cultural and then tribal struggle, first on the ideological fringes and ultimately expanding to conquer the Republican Party, often with the timid acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. Reign of Terror will show how these policies created a foundation for American authoritarianism and, though it is not a book about Donald Trump, it will provide a critical explanation of his rise to power and the sources of his political strength. It will show that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. That mistake turns out to have been portentous. By the end of his tenure, the war metastasized into a broader and bitter culture struggle in search of a demagogue like Trump to lead it. A union of journalism and intellectual history, Reign of Terror will be a pathbreaking and definitive book with the power to transform how America understands its national security policies and their catastrophic impact on its civic life.
