Collected together, the work of Hesiod and Theognis can be viewed as having a common thread; the inconsistency of men and society and the need to trust in the gods. Whilst Hesiod's 'Works and Days' gives common sense advice for the farmer, sailor and society, Theognis provides us with maxims and psychological attributes by which to organise our lives.

Theogony and Works and Days by Hesiod. Hesiod, who lived in Boetia in the late eighth century BC, is one of the oldest known, and possibly the oldest of Greek poets. His Theogony contains a systematic genealogy of the gods from the beginning of the world and an account of the struggles of the Titans. In contrast, Works and Days is a compendium of moral and practical advice on husbandry, and throws unique and fascinating light on archaic Greek society.

The Theogony contains a systematic genealogy of the gods from the beginning of the world and an account of their violent struggles before the present order was established. The Works and Days , a compendium of moral and practical advice for a life of honest husbandry, Hesiod, one of the oldest known Greek poets, stands out as the first personality in European literature.

~~Theogony / Works and Days by Hesiod - Goodreads~~

Very little is known about Hesiod and it cannot definitely be proved that the same man wrote both the Theogony and Works and Days.He probably lived in the eighth century BC (contemporary with Homer) in Boeotia on the Greek mainland. Theognis lived and wrote chiefly in the sixth century BC. He came from Megara, probably the one on the Greek mainland, and was an aristocrat.

CHAPTER 1. General Introduction. Hesiod and His Poems. The Theogony is one of the most important mythical texts to survive from antiquity, and I devote the first section of this translation to it. It tells of the creation of the present world order under the rule of almighty Zeus. The Works and Days, in the second section, describes a bitter dispute between Hesiod and his brother over the ...

~~The Poems of Hesiod: Theogony, Works and Days, and the ...~~

The Works and Days, Theogony, and The Shield of Herakles, translated by Richmond Lattimore (1959), is a brisk, modern translation. It is perhaps appreciated best when sampled along with Hesiod, the Homeric Hymns, and Homerica, translated by Hugh G. Evelyn-White (rev. ed. 1936), an antique but accurate translation, with parallel text.

Hesiod, who lived in Boetia in the late eighth century BC, is one of the oldest known, and possibly the oldest of Greek poets. His Theogony contains a systematic genealogy of the gods from the beginning of the world and an account of the struggles of the Titans. In contrast, Works and Days is a compendium of moral and practical advice on husbandry, and throws unique and fascinating light on archaic Greek society. As well as offering the earliest known sources for the myths of Pandora, Prometheus and the Golden Age, Hesiod's poetry provides a valuable account of the ethics and superstitions of the society in

which he lived. Unlike Homer, Hesiod writes about himself and his family, and he stands out as the first personality in European literature. This new translation, by a leading expert on the Hesiodic poems combines accuracy with readability. It is accompanied by an introduction and explanatory notes.

Widely considered the first poet in the Western tradition to address the matter of his own experience, Hesiod occupies a seminal position in literary history. His *Theogony* brings together and formalizes many of the narratives of Greek myth, detailing the genealogy of its gods and their violent struggles for power. The *Works and Days* seems on its face to be a compendium of advice about managing a farm, but it ranges far beyond this scope to meditate on morality, justice, the virtues of a good life, and the place of humans in the universe. These poems are concerned with orderliness and organization, and they proclaim those ideals from small-scale to vast, from a handful of seeds to the story of the cosmos. Presented here in a bilingual edition, Johnson's translation takes care to preserve the structure of Hesiod's lines and sentences, achieving a sonic and rhythmic balance that enables us to hear his music across the millennia.

For this eagerly anticipated revised edition, Athanassakis has provided an expanded introduction on Hesiod and his work, subtly amended his faithful translations, significantly augmented the notes and index, and updated the bibliography. --Johns Hopkins University Press.

A translation of Hesiod's poems. It captures Hesiod's rustic wisdom, his humour and his cautious pessimism.

'Stallings's new translation of Hesiod's *Works and Days* - witty, gritty, and unsettlingly relevant - is not to be missed' TLS, Books of the Year A new verse translation of one of the foundational ancient Greek works by the award-winning poet Alicia Stallings. Hesiod was the first self-styled 'poet' in western literature, revered by the ancient Greeks. Ostensibly written to chide and educate his lazy brother, *Works and Days* tells the story of Pandora's jar and humanity's place in a fallen world. Blending the cosmic and the earthy, and mixing myth, lyrical description, personal asides, astronomy, proverbs and down-to-earth advice on rural tasks and rituals, it is also a hymn to honest toil as man's salvation. This vibrant new verse translation by award-winning poet A. E. Stallings conveys the clarity and unexpected humour of a founding work of classical literature.

Theogony details Hesiod's interpretation of the origins of the world and the gods, beginning with Chaos, Gaia, Tartarus, and Eros, and shows a special interest in genealogy. The variant tales hint at the rich variety of myth that once existed.

Hesiod describes himself as a Boeotian shepherd who heard the Muses call upon him to sing about the gods. His exact dates are unknown, but he has often been considered a younger contemporary of Homer. This volume of the new Loeb Classical Library edition offers a general introduction, a fluid translation facing an improved Greek text of Hesiod's two extant poems, and a generous selection of testimonia from a wide variety of ancient sources regarding Hesiod's life, works, and reception. In *Theogony* Hesiod charts the history of the divine world, narrating the origin of the universe and the rise of the gods, from first beginnings to the triumph of Zeus, and reporting on the progeny of Zeus and of goddesses in union with mortal men. In *Works and Days* Hesiod shifts his attention to the world of men, delivering moral precepts and practical advice regarding agriculture, navigation, and many other matters; along the way he gives us the myths of Pandora and of the Golden, Silver, and other Races of Men.

"The *Theogony* is one of the most important mythical texts to survive from antiquity, and we devote the first section to it. It tells of the creation of the present world order under the rule of almighty Zeus. The *Works and Days*, in the second section, describes a bitter dispute between Hesiod and his brother over the disposition of their father's property, a theme that allows Hesiod to range widely over issues of right and wrong. The *Shield of Herakles*, whose centerpiece is a long description of a work of art, is not by Hesiod, at least most of it, but it was always attributed to him in antiquity. It is Hesiodic in style and has always formed part of the Hesiodic corpus. It makes up the third section of this book"--Provided by publisher.
